The Singapura Finance Brand

THE BRAND

Our brand is built on the characteristics of 'optimism, inspiration and confidence'. As an expression of these aspirations, our products and services cater to the everyday man. We equip our customers with product literature and our relationship managers will assist them in making an informed decision. We understand their needs and package practical deals to suit their lifestyle and fulfil their dreams. *We will continue to engage our customers' needs in bringing their every vision into reality.*

OUR LOGO

Our vibrant colours of purple and orange reflect the infusion of new life and vitality into the existing business. The Phoenix symbolises the link to our history and our desire to retain many of the qualities that have served us well over the years. The Phoenix, being the emperor of all birds, signifies our ambition to become the leading financial institution of choice for Singaporeans. A bird that soars towards ever greater heights of success, it is a symbol of Singapura Finance's determination and eagerness to seek and tap unexplored avenues of growth.

OUR CHINESE NAME

Our Chinese name, *Fu Ya*, stands for prosperity and elegance. *It links our roots to our future, reflecting the endeavors we have.*

Our Core Values

At Singapura Finance, we believe that our values are our "guiding beacon" for organizational development and growth. At Singapura Finance, our core values are: Shareholder Value, People Development, Integrity, Customer Focus and Efficiency (S.P.I.C.E)

S

SHAREHOLDER VALUE

We enhance our shareholder value by consistently delivering sustainable earnings in line with our prudent risk management framework.

P

PEOPLE DEVELOPMENT

We value and develop our people and trust each other in delivering their best, fostering cooperativeness, teamwork and providing a supportive environment.

I

INTEGRITY

We are open and fair in our dealings while maintaining highest integrity at all times. We strive for excellence and professionalism in what we do.

C

CUSTOMER FOCUS

We build trust and long-term relationships by being responsive and relevant to our customers' needs.

E

EFFICIENCY

We leverage on technology and process improvements for continual innovation, capabilities building and enhancement and operational efficiency.

Whenever we are here, grandpa will sit me down and talk about the importance of savings and his weekly trip to The MacDonald House in the 1950s to deposit his pocket money.

Chairman's Statement

“

The Group registered a profit after tax of \$4.5 million for the financial year ended 30 June 2015.

Total income rose by \$2.2 million or 10.2%.

The total assest of the group reached \$1,238 million as at the end of the financial year.

”

Teo Chiang Long
Executive Chairman

On behalf of the Board of Directors, I am pleased to present the Annual Report and Financial Statements of the Group and the Company for the financial year ended 30 June 2015.

PERFORMANCE REVIEW

The external operating environment for the past financial year continued to be challenging, against a background of modest growth for the Singapore's economy, where the year-on-year growth momentum slowed down from 2.8% during the first quarter of the financial year to 1.8% during the last quarter. On a quarter-on-quarter seasonally adjusted annualised basis, the Singapore economy contracted by 4.0% from April to June 2015 with pullback mainly due to manufacturing and service sectors.

Under this challenging operating environment, the Group registered a profit after tax of \$4.5 million for the financial year ended 30 June 2015, a dip of \$1.3 million or 21.6% compared to last year. The decline was chiefly due to lower non-interest income and increase in operating expenses as well as higher charge of allowances for loan losses.

The Group's profit from operations before allowances was \$7.0 million, 6.1% lower vis-à-vis the same period last year. Total income rose by \$2.2 million or 10.2% with higher net interest income partly offset by lower non-interest income. Net interest income increased primarily due to higher loan volume while non-interest income declined with lower gain on sale of investments, dividend income and other operating income. Operating expenses also increased by \$2.7 million or 18.6% largely attributed to higher other operating expenses arising from additional commissions paid to auto loan dealers in line with growth in auto loans.

Total loans and advances net of allowances grew by \$143 million or 18.1% to \$935 million compared to \$792 million as at 30 June 2014. In tandem with the higher loan balance, total deposits also increased \$131 million or 15.4% to \$978 million as at 30 June 2015.

With the loan growth during the year, the Group has also set aside additional collective allowances at a portfolio level. Additional collective allowances as well as specific allowances resulted in a net charge for loan allowances of \$1.1 million compared to \$0.5 million during the last financial year. The Group continues to set aside adequate specific and collective allowances for the loan portfolio. The Group has also made impairment loss on investments of \$0.4 million due to prolonged decline in the market value of quoted equity investments.

Chairman's Statement

The Group's total equity increased by \$78.3 million to \$249 million as at 30 June 2015 mainly due to the successful rights issue exercise in December 2014 which strengthened share capital by \$78.8 million. The net proceeds from the rights issue had been fully utilised towards the expansion of the Company's loan portfolio. Driven by the growth in the loan portfolio, the total assets of the Group reached \$1,238 million as at the end of the financial year.

DIVIDENDS

Subject to approval of shareholders at the forthcoming Annual General Meeting, the Board is recommending a first and final one-tier tax exempt dividend of 2 cents per share amounting to \$3.2 million for the year under review.

OPERATIONS REVIEW

The Group is fully committed to deliver excellent service to our customers and is also constantly exploring new avenues to boost productivity. During this financial year, frontline staff was trained on how to improve their skills to enhance customers' experience. We have also continued to boost productivity via technology and streamlining of process flows.

This year, in seeking to continually engage our youth community, we worked alongside Enterprise Sports Group ("ESG") and Singapore Swimming Association ("SSA"), and had the privilege of being the title sponsor of the Singapore National Age Group Swimming Championships ("SNAG"), a first in Singapore history.

SNAG, which was held in March 2015, is an annual swimming competition that sees over 1,000 local and foreign swimmers from over 40 swimming clubs and schools compete against each other in a total of 113 swimming events. SNAG presents swimmers with the chance to qualify for FINA sanctioned events and to be recognized and picked to be part of Team Singapore for international swimming competitions such as SEA Games, Asian Games and the Olympics. The event serves our commitment to be a good corporate citizen and also present opportunities for us to enhance awareness of our brand and products

OUTLOOK

The People's Action Party received a landslide mandate from Singaporeans in the recent General Elections after celebrating our country's Golden Jubilee. With this clear mandate, Singapore is set to meet the new challenges of the next 50 years. We share with the citizens of Singapore, the confidence that the ruling party will maintain its current path of economic development. We pledge our continual support to meet the nation's goals.

In the second quarter of 2015, we witnessed the contraction of the Singapore economy by 4%, on a quarter-on-quarter seasonally adjusted annualised basis; and combined with the uncertain outlook,

the Ministry of Trade and Industry has narrowed Singapore's 2015 full year GDP growth forecast from 2.0% to 4.0%, to 2.0% to 2.5%.

Given the likely continual depreciation of the Singapore dollar against the US dollar and the impact of an expected rate hike by the US Federal Reserve in the last quarter of 2015, we foresee Singapore interest rates to continue to trend upwards in the coming financial year. This will have significant impact on our funding costs due to higher interest rates for our customers' deposits.

We also expect moderate growth in loan portfolio as current prudent measures taken by the Government especially on property financing will probably remain intact. Nevertheless, the Group will continue to be prudent and proactive in seeking new business opportunities and manage our operating expenses to remain competitive.

ACKNOWLEDGEMENTS

On behalf of the Board, I would like to extend a warm welcome to Ms Ngiam May Ling who joined us in August 2015 as Company Secretary. The Board would like to record our deep appreciation for Ms Nguy Jootian, who retired on 31 August 2015, after having served as a General Manager and the Company Secretary, for her contribution and support throughout the past 22 years.

I also wish to express my appreciation to my fellow Board members for their continual support, counsel and guidance. I acknowledge and commend our management and staff for their commitment and hard work during the past year. Last but not least, I thank all our shareholders and customers for their unwavering support.

Teo Chiang Long
Executive Chairman

Singapore
15 September 2015

This has a special place in our heart. Since the day
we met as trainee teachers, we never expected we will
one day raise our grandchildren here.

Board of Directors

Teo Chiang Long

Executive Chairman

Mr Teo Chiang Long joined the Board on 10 March 1981 as Director and was appointed as Managing Director & CEO on 1 March 1989. He was appointed as Chairman of the Board on 8 November 2002 and continued as the Managing Director and CEO of the Company. Since 11 September 2007, Mr Teo was appointed as Executive Chairman and was last re-appointed as a Director at the Annual General Meeting of the Company held on 31 October 2014.

Mr Teo holds a Bachelor of Economics degree from the University of Adelaide, Australia. He is a Fellow Member of CPA Australia and the Singapore Institute of Directors as well as a CA (Singapore), Institute of Singapore Chartered Accountants.

Mr Teo is a Senior Honorary Council Member of the Singapore Chinese Chamber of Commerce & Industry and Honorary Secretary of Ngee Ann Kongsi Committee of Management.

Mr Teo is a Governor of Singapore Teochew Foundation Limited and a Director of Bright Vision Hospital. He also serves on the Board of Ngee Ann Development Pte Ltd, a joint venture company with Takashimaya Tokyo, as well as Ngee Ann-Adelaide Education Centre Pte Ltd, which delivers post graduate tertiary courses from the University of Adelaide, South Australia in Singapore.

Jamie Teo Miang Yeow

Chief Executive Officer

Mr Jamie Teo Miang Yeow joined Singapura Finance Ltd on 30 March 2000 and was appointed to the Board as Executive Director on 8 November 2002. Mr Teo was appointed Deputy Chief Executive Officer on 17 March 2005. Since 11 September 2007, Mr Teo holds the position of Chief Executive Officer of the Company. He was last re-elected as a Director at the Annual General Meeting of the Company held on 29 October 2013.

Mr Teo is a member of the Risk Management and Executive Committees. Prior to joining the Company, he worked with Ernst & Young Consultants as a senior consultant.

Mr Teo holds a Bachelor of Arts and a Masters in Business Administration from the University of Adelaide, Australia. He holds directorships in several private companies. He is the Vice President of Ngee Ann Kongsi Committee of Management, and represents Ngee Ann Kongsi as a member of the Ngee Ann Polytechnic Council. He is a member of the Singapore Institute of Directors. He is an Honorary Treasurer of Finance Houses Association of Singapore for a two year term effective from 10 April 2014.

Phua Bah Lee

Independent Non-Executive Director

Mr Phua Bah Lee joined the Board of Singapura Finance Ltd as an Independent Non-Executive Director on 19 October 1988. He was last re-appointed as a Director at the Annual General Meeting of the Company held on 31 October 2014.

Mr Phua is the Lead Independent Director, Chairman of the Remuneration Committee and a member of the Audit and Nominating Committees.

Mr Phua is a Director of Metro Holdings Limited and Pan-United Corporation Ltd. He was the Parliamentary Secretary of the Ministry of Communications from 1968 to 1971 and Senior Parliamentary Secretary of the Ministry of Defence from 1972 to 1988. He was a Member of Parliament for the Tampines Constituency from 1968 to 1988.

Mr Phua is a member of the Singapore Institute of Directors. He graduated from the Nanyang University of Singapore with a Bachelor of Commerce degree.

Teoh Eng Hong

Independent Non-Executive Director

Mr Teoh Eng Hong joined the Board of Singapura Finance Ltd as an Independent Non-Executive Director on 18 June 1992. He was last re-appointed as a Director at the Annual General Meeting of the Company held on 31 October 2014.

Mr Teoh is the Chairman of the Risk Management Committee and is a member of the Audit, Nominating, Remuneration and Executive Committees.

Mr Teoh was with Shell Group of Companies for over 30 years and had held various senior management positions and directorships in various oil and chemicals companies associated with Shell. Hence he has extensive experience in many aspects of the oil and chemical related businesses. Mr Teoh holds a Bachelor of Economics (1st class Honours) from the University of Adelaide, Australia. His other interest is in the education industry.

William Ho Ah Seng

Independent Non-Executive Director

Mr William Ho Ah Seng joined Singapura Finance Ltd as General Manager on 2 April 1983. He was appointed to the Board as Executive Director on 1 March 1989. After his retirement as the Executive Director on 31 January 2008, Mr Ho continued to serve on the Board as a non-executive and non-independent Director and as a member of the Risk Management Committee. Having ceased to be an employee of the Company for more than three financial years and having regard to the criteria for independence of directors as set out in the Code of Corporate Governance 2005, and based on the Nominating Committee's assessment bearing in mind all salient factors, Mr Ho was considered to be an Independent Director with effect from 26 August 2011.

Mr Ho was last re-appointed as a Director at the Annual General Meeting of the Company held on 31 October 2014. He is an Independent Non-Executive Director and a member of the Risk Management Committee.

Mr Ho holds a Bachelor of Science in Sociology from the University of London. He is a member of the Singapore Institute of Directors.

Board of Directors

Yu-Foo Yee Shoon

Independent Non-Executive Director

.....

Mrs Yu-Foo Yee Shoon joined the Board on 1 November 2011 as an Independent Non-Executive Director. Mrs Yu-Foo also sits on the Nominating Committee as Chairman; and is a member of Audit and Remuneration Committees. She was last re-elected as a Director at the Annual General Meeting of the Company held on 31 October 2014.

Mrs Yu-Foo was the Former Minister of State, retired after 27 years in politics. She was the first woman Mayor in Singapore and she started her career with National Trades Union Congress (NTUC) and she was the Deputy Secretary-General of NTUC.

She sat in a number of statutory boards such as Singtel, Jurong Town Corporation, Fairprice, Income, People's Association, Land Authority Transport, etc. Mrs Yu-Foo is currently

the Justice of the Peace, Chairman of Traditional Chinese Medicine Practitioners Board under Ministry of Health, Founding Patron for Singapore's Breast Cancer Foundation, Chairman of the NTUC Ong Teng Cheong Institute Training and Chairman of Outreach Committee of Lee Kuan Yew Bilingual Foundation, Ministry of Education. She also advises and sits on the boards of various organization such as Hyflux.

She graduated from Nanyang University with a Bachelor of Commerce and a Master Degree in Business from Nanyang Technology University.

Tan Hui Keng, Martha

Independent Non-Executive Director

.....

Mdm Tan Hui Keng, Martha joined the Board on 1 November 2011 as an Independent Non-Executive Director. Mdm Tan also sits on the Audit Committee as Chairman; and is a member of the Nominating, Remuneration and Risk Management Committees. She was last re-elected as a Director at the Annual General Meeting of the Company held on 31 October 2014.

Net interest income/margin as a percentage of interest-earning assets		22,217	2.01		19,114	1.97

Net interest income improved by 16.23% to \$22.22 million for the financial year ended 30 June 2015 compared to \$19.11 million last year.

Financial Review

The increase in net interest income was mainly attributed to higher total interest income driven by the growth in loan volume partially offset by higher cost of deposits. The Group's net interest margin as a percentage of the interest-earning assets increased slightly by 4 basis points from 1.97% to 2.01%.

The table below analyses the change in the net interest income in the financial year ended 30 June 2015 over the same period last year due to the impact of volume and rate changes.

Non-Interest Income	2015 \$'000	2014 \$'000	Variance %
Fees and commissions	846	860	(1.6)
Dividends	391	607	(35.6)
Gain on sale of investments	83	328	(74.7)
Other operating income	456	866	(47.3)
Total non-interest income	1,776	2,661	(33.3)

Non-interest income for the year decreased 33.3% to \$1.8 million. The decline was primarily due to lower gain on sale of investments, dividend income and other operating income. Last year's other operating income was higher mainly due to the recovery of bad debts previously written off.

Operating Expenses	2015 \$'000	2014 \$'000	Variance %
Staff costs	9,133	8,435	8.3
Depreciation of property, plant and equipment	748	754	(0.8)
Other operating expenses	7,160	5,182	38.2
Total operating expenses	17,041	14,371	18.6

Operating expenses increased by 18.6% compared to last year. Rise in staff cost was contributed mainly by the impact of higher headcount and annual salary increment. Other operating expenses surged primarily due to higher commission expenses to car dealers as the volume of new auto loans expanded during the year.

Impairment Allowances for Loans	2015 \$'000	2014 \$'000	Variance %
(Allowance)/Write-back for individual impairment (net)	(302)	548	(155.1)
Allowance for collective impairment	(786)	(1,007)	(21.9)
Total allowances on loan losses	(1,088)	(459)	137.0

A net allowance for individual impairment allowances of \$0.3 million was made during the year compared to a write back of \$0.5 million in the previous financial year. In line with the loan growth, an additional collective impairment allowance of \$0.8 million was made at a portfolio level. The resultant impact was a total net charge of \$1.1 million for loan allowances compared to \$0.5 million last year.

Pillars
of our
Life

生活的支柱

It's all worth it. Money was tight then but we persevered and saved every penny to put her through university. And it heartens us to see her doing the same for her children.

Corporate Social Responsibility

Singapura Finance has always been engaged in community causes which nurture and provide for the needs of our youth. When the Enterprise Sports Group (ESG) and Singapore Swimming Association (SSA) offered us the opportunity to play a part in encouraging our local swimmers, we were happy to take it. We were especially glad to be the first sponsor of the Singapore National Age Group Swimming Championships (SNAG) as we espouse the same value system: "Hard work precede success".

As title sponsor of this prestigious blue-ribbon event, we aim to recognise the hard work, effort and dedication of our young swimmers. Many athletes invest hours in training and development before reaching the games. By awarding a financial reward for breaking national swimming records, we hope to encourage them to continue their efforts.

Aside from the award for top swimmers, we set up a recovery village during the championships. Drinks and snacks were provided for all participants, pre- and post-event. We also organised workshops for athletes, coaches, clubs and parents covering the latest developments in sports psychology and nutrition.

Indeed, it is not only the athletes we wish to recognise; we strive to recognise the tremendous contribution that coaches make to the Singapore sport system and to the success of our local athletes. As such, we also organised an activity open to athletes of all sports. 'Recognising my first coach' is a photo competition for our young sportsmen to show appreciation to their parents or coaches for their support and sacrifices. The overall winner was awarded with an all-expenses paid trip to Japan to watch the Fina World Swimming Championship.

Our awards program aims to span the full spectrum from community mentorship to high performance achievement. A series of swimming lessons has already been planned for special needs children. We hope that this will instill our young with the belief that determination and optimism can help achieve the impossible.

Using the power of swimming, Singapura Finance hopes to work in partnership with the local swimming community to empower individuals and support them in their aspiration to bring glory to themselves, and to Singapore.

Corporate Governance

Singapura Finance Ltd ("SFL" or the "Company") is committed to achieving and maintaining high standards of corporate governance in order to safeguard the interest of shareholders. It adopts corporate governance practices in line with the principles and guidelines set out in the Code of Corporate Governance 2012 (the "2012 Code"). Where there is any deviation from 2012 Code, the Company's position in respect of such differences is explained in this report.

BOARD MATTERS

The Board's Conduct of Affairs

Principle 1: Effective Board to lead and control the Company

Role of the Board

The Board is collectively responsible for providing overall strategy and direction to Management so as to achieve sustainable and successful performance for the Company and its subsidiaries (the "Group").

The Board's primary functions are to:

- Provide entrepreneurial leadership, set strategic aims and ensure that the necessary financial and human resources are in place for the Company to meet its objectives.
- Establish a framework of prudent and effective controls which enables risk to be assessed and managed, including safeguarding of shareholders' interests and the Company's assets.
- Consider and approve key changes to the organisational structure of the Company.
- Review management performance.

All Directors objectively discharge their duties and responsibilities at all times as fiduciaries in the interests of the Company.

Board Committees

To ensure that specific issues are subject to in-depth and timely review, certain functions have been delegated to various Board Committees, which would submit its recommendations or decisions to the Board. The five Board Committees are the Executive Committee, Nominating Committee, Remuneration Committee, Risk Management Committee and Audit Committee.

The Executive Committee ("EXCO") comprises three members, namely, Mr Teo Chiang Long (Executive Chairman), Mr Teoh Eng Hong (Independent & Non-Executive Director) and Mr Jamie Teo Miang Yeow (Executive Director & Chief Executive Officer ("CEO")). The EXCO acts on behalf of the Board in supervising the management of the Company's business and affairs, in particular, the granting of loans, guarantees or credit facilities within the authority limits delegated by the Board, and approving new product proposals. Unanimous decision by EXCO Members is required for a resolution to be effective, which is passed through circulation in writing.

The composition and key functions of the other four committees are described in the other relevant sections of this report.

- Nominating Committee (Principle 4)
- Remuneration Committee (Principle 7)
- Risk Management Committee (Principle 11)
- Audit Committee (Principle 12)

Board Meetings and Attendance

Regular Board and Board Committee meetings are held. The Board meets at least four times a year. Additional meetings are held as and when circumstances warrant. The Company's Articles of Association provide for Board and Board Committee meetings to be held via teleconferencing.

At its meetings, the Board reviews and approves the strategic plans, annual budget and key operational issues, and reviews the financial performance of the Group. Other matters which are required to be referred to the Board for approval include:

- Quarterly and yearly financial announcements;
- Statutory financial statements;
- Major loan proposals;
- Major transactions, acquisitions, and funding decisions;
- Appointment of senior management and nomination of Board Directors;
- Interested person transactions; and
- Risk management strategies and corporate governance matters.

The Directors may at any time request further explanations, briefings or informal discussions on any aspect of the Company's operations.

The attendance of the Directors at Board and Board Committee meetings from 1 July 2014 to 30 June 2015 is as follows:

	Board	Audit	Nominating	Remuneration	Risk Management
No. of Meetings Held	6	5	1	3	4
Name of Directors	No. of Meetings Attended				
Teo Chiang Long	5	-	-	-	-
Phua Bah Lee	6	5	1	3	-
Teoh Eng Hong	5	4	1	3	4
Jamie Teo Miang Yeow	6	-	-	-	4
William Ho Ah Seng	6	-	-	-	4
Yu-Foo Yee Shoon	5	4	1	2	-
Tan Hui Keng, Martha	5	5	1	3	4

Training of Directors

A formal letter is sent to newly-appointed Directors upon their appointment explaining their duties and obligations as Directors. New Directors receive appropriate training and briefing in areas such as accounting, legal, the roles and responsibilities of his or her duties as a Director of a listed company and how to discharge those duties when they are first appointed to the Board. There is also an orientation programme to ensure that incoming Directors are familiar with the Company's business and governance practices. No new Director was appointed by the Company during the financial year ended 30 June 2015.

All Directors are encouraged by the Company to keep updated with the latest changes to the relevant laws and regulations affecting the Company. The Directors are informed regularly by the Company Secretary of the availability of appropriate courses which include programmes conducted by the Singapore Institute of Directors, Singapore Exchange Securities Trading Limited ("SGX-ST") and professional firms and bodies. The costs of such training courses attended by the Directors are borne by the Company.

Board Composition and Guidance

Principle 2: Strong and independent Board

Board Independence

Currently, the Board comprises seven Directors, all of whom, except for the Executive Chairman and the CEO, are non-executive and independent Directors. The five independent Directors are Mr Phua Bah Lee, Mr Teoh Eng Hong, Mr William Ho Ah Seng, Mrs Yu-Foo Yee Shoon and Mdm Tan Hui Keng, Martha.

Independent Directors make up at least half of the Board at all times. Every year, the Nominating Committee determines the independence of each Director by taking into account the definition of an independent Director and the relevant guidelines under the 2012 Code. The Nominating Committee also takes into account the annual confirmation of independence completed by each Director. Directors are required under the annual confirmation to critically assess their independence.

As non-executive members of the Board, the independent Directors do not exercise management functions in the Company. However, all the Directors have equal responsibility and make contributions towards the performance of the Group.

The Board considers its independent non-executive Directors to be of significant influence and their views to be of sufficient weight such that no individual or small group can dominate the Board's decision-making processes.

Two of the independent Directors, namely, Mr Phua Bah Lee and Mr Teoh Eng Hong have served the Board for more than nine years from the date of their first appointment as an independent Director. The Nominating Committee (with Mr Phua Bah Lee and Mr Teoh Eng Hong abstaining from deliberation on this matter) and the Board have assessed the independence of each of these two Directors using a holistic approach and taking into account of his contribution in terms of experience, expertise, professionalism, integrity, objectivity and independent judgement in his engagement with all relevant parties, rather than solely and arbitrarily on basis of length of service alone. Having performed a rigorous review of their independence, the Nominating Committee (with Mr Phua Bah Lee and Mr Teoh Eng Hong abstaining from deliberation on this matter) and the Board are of the view that each of these two Directors continue to be independent notwithstanding their length of service, because each of them have consistently demonstrated strong independence of judgement and integrity of character in discharging their responsibilities.

Board Composition

Members of the Board are prominent business leaders and professionals with financial, banking and business management backgrounds. Their diverse corporate experiences as a group provide core competencies relevant to the Group's business, and an appropriate balance of skills, experience, gender and knowledge of the Company. The Board has reviewed its composition, and is satisfied that the size of the Board is appropriate and adequate for effective decision making having regard to its present scale of operations. Details of the Directors' professional qualifications and background can be found on pages 6 to 8.

The Board's non-executive Directors constructively challenge, help develop proposals on strategy, and review the performance of Management in meeting agreed goals and objectives and monitor the reporting of performance. The Independent Directors, led by the Lead Independent Director, Mr Phua Bah Lee meet on a need basis without the presence of Management, in order to facilitate a more effective check on Management.

Chairman and Chief Executive Officer

Principle 3: Clear division of responsibilities between Chairman and CEO

Role of Chairman and CEO

As recommended by the 2012 Code, the Chairman and the CEO are separate persons. Mr Teo Chiang Long is the Executive Chairman of the Company, while his son, Mr Jamie Teo is the CEO.

As the Executive Chairman and the CEO are immediate family members and are both part of the executive management team, the Nominating Committee has appointed Mr Phua Bah Lee as the Lead Independent Director mainly to serve as the principal liaison on Board issues between the non-executive Directors and the Executive Chairman and to address any queries and shareholders' concerns.

There is a clear division of responsibilities between the Executive Chairman and the CEO, which are set out in writing and agreed by the Board. The Executive Chairman leads the Board to monitor and review the general progress and long-term development of the Company. He ensures the members of the Board receive accurate, timely and clear information in particular about the Company's performance, to enable the Board to make sound decisions, monitor effectively and provide advice to promote the success of the Company. He also encourages constructive relations between the Board and Management, and between the executive and non-executive Directors. The CEO manages the daily operations of the Group and implements the Board's policies and decisions.

Board Membership

Principle 4: Formal and transparent process for the appointment and re-appointment of Directors

Nominating Committee

All four members of the Nominating Committee ("NC") are independent non-executive Directors. The members are Mrs Yu-Foo Yee Shoon (Chairman), Mr Phua Bah Lee, Mr Teoh Eng Hong and Mdm Tan Hui Keng, Martha.

The NC has written terms of reference which clearly set out its authority and duties. The main role of the NC is to assess and recommend candidates for appointment and re-appointment on the Board and Board Committees. The NC also reviews the composition of the Board and assesses annually the effectiveness of the Board as a whole and the contribution by each individual Director.

Criteria and Process for Nomination and Selection of New Directors

The NC identifies and interviews short-listed candidates before formally considering and recommending them for appointment to the Board and where applicable, to the Board Committees.

The NC in reviewing and recommending to the Board any new Director appointment takes into consideration the current Board size and its mix, the competing time commitments faced by Directors with multiple Board representations, the additional skills and experience that will bolster the core competencies of the Board, the search process for the identification of suitable candidates and once identified, the appropriate knowledge, experience and skills of the candidates who in its opinion, are fit and proper and qualified for office. As the Company is a finance company, all new appointments to the Board are subject to the approval of the Monetary Authority of Singapore.

Re-appointment of Directors

As a matter of corporate governance, all Directors submit themselves for re-nomination and re-election. Article 85 of the Articles of Association requires one-third of the Directors, or the number nearest to but not less than one-third, to retire by rotation at every Annual General Meeting ("AGM"). These Directors may offer themselves for re-election, if eligible. Directors of or over 70 years of age are required to be re-appointed every year at the AGM under Section 153(6) of the Companies Act before they can continue to act as a Director.

The NC reviews annually the nomination of the relevant Directors for re-election or re-appointments as well the independence of Directors. When considering the nomination of Directors for re-appointment, the NC takes into account their contribution to the effectiveness of the Board as well as their time commitment especially for Directors who have multiple board representations, and also reviews their independence.

Directors' Time Commitment

Where a Director has multiple Board representations, the NC also considers if such a Director is able to adequately carry out his/her responsibilities as a Director of the Company. In this regard, the Board has set a general guideline that the maximum number of listed company board representations which a Director may hold (including representation on the Company's Board) should not be more than seven.

Board Performance

Principle 5: Formal annual assessment of the effectiveness of the Board and the contribution by each Director

Board Evaluation Process

The Company has in place a formal process for assessment of the effectiveness of the Board as a whole, the Board Committees and the contribution by each Director to the effectiveness of the Board. The NC assesses the Board's performance as a whole annually using objective and appropriate quantitative and qualitative criteria which were recommended by the NC and approved by the Board. When assessing the overall Board performance, the NC takes into consideration the feedback from individual Directors on areas relating to the Board's competencies and effectiveness. The results of the overall evaluation of the Board by the NC including its recommendations for improvements, if any, are presented to the Board.

The NC assesses the performance of all the Board Committees with the assistance of self-assessment checklists completed by each of the Board Committees.

The annual evaluation process for each individual Director's performance comprises 3 parts: (a) background information concerning the Director including his attendance records at Board and Board Committee meetings; (b) questionnaire for completion by each individual Board member; and (c) the NC's evaluation based on certain assessment parameters. The questionnaires and the assessment parameters were recommended by the NC and approved by the Board. The completed questionnaires are then reviewed by the NC before the NC completes its evaluation of the individual Directors.

The results of the individual evaluation of each of the Directors are also used by the NC, in its consultation with the Board Chairman, to review, where appropriate, the composition of the Board and Board Committees, and to support its proposals, if any, for appointment of new members and its recommendations for the re-appointment and re-election of retiring Directors. Comments from the Directors, if any, concerning the Board as a whole and the general performance of the Directors, are also presented to the Board.

Board Evaluation Criteria

The qualitative criteria are set out in a questionnaire covering three main areas relating to Board composition, roles and responsibilities, conduct of meetings and access to information.

The quantitative criteria used to evaluate the overall Board performance comprises quarterly performance indicators which include a comparison of the Company's performance for the financial period under review against the performance of the Company and industry peers for the corresponding period over the past 3 years and the longer term indicators such as the Company's total shareholder return over a 5-year period.

Board Committee Evaluation Criteria

The qualitative criteria are set out in a questionnaire covering areas relating to composition of the Board Committee, its roles and responsibilities, conduct of meetings and access to information.

Individual Director Evaluation Criteria

Factors taken into account in the assessment of a Director's performance include his abilities and competencies, his objectivity and the level of participation at Board and Board Committee meetings including his contribution to Board processes and the business strategies and performance of the Company.

Access to Information

Principle 6: Board Members to have complete, adequate and timely information

Complete, Adequate and Timely Information

All Directors have separate and independent access to Management, and unrestricted access to the Company's records and information. They receive detailed financial and operational reports from Management during the year to enable them to carry out their duties.

Prior to each Board and Board Committee meeting, the members are provided with the meeting agenda and the relevant papers submitted by Management, containing complete, adequate and timely information to enable full deliberation on the issues to be considered at the meetings. Such information include background or explanatory information relating to matters to be brought before the Board or Board Committee, and copies of disclosure documents, budgets or latest forecasts. In respect of budgets, any material variance between the projections and actual results are disclosed and explained. Management staff and the Company's auditors, who can provide additional insight to the matters for discussion, are also invited from time to time to attend such meetings.

Company Secretary

The Directors have separate and independent access to the advice and services of the Company Secretary. The Company Secretary attends all Board meetings and is responsible for, among other things, ensuring that Board procedures are observed and that applicable rules and regulations are complied with. The Company Secretary acts as channel of communication and information within the Board and its Board Committees and between Management and non-executive Directors. The Company Secretary's responsibilities also include facilitating orientation and assisting with professional development as required. Appointment and removal of the Company Secretary require the approval of the Board. Mrs Nguy Jootian, who retired on 31 August 2015, had resigned as Company Secretary on 3 August 2015, and Ms Ngiam May Ling was appointed as the new Company Secretary on 3 August 2015.

Independent Professional Advice

Each Director has the right to seek independent legal and other professional advice, at the Company's expense, concerning any aspect of the Group's operations or undertakings in order to fulfil his duties and responsibilities as Director.

REMUNERATION MATTERS

Procedures for Developing Remuneration Policies

Principle 7: Formal and transparent procedure for fixing the remuneration packages of Directors

RC Composition and Role

All four members of the Remuneration Committee ("RC") are independent non-executive Directors. The members are Mr Phua Bah Lee (Chairman), Mr Teoh Eng Hong, Mrs Yu-Foo Yee Shoon and Mdm Tan Hui Keng, Martha.

The RC has written terms of reference which clearly set out its authority and duties. The RC's main responsibilities are to review and make recommendations to the Board with regard to the policies and general framework for the remuneration of executive Directors, non-executive Directors and key management personnel ("KMP") and to ascertain that they are fairly remunerated. The RC also reviews and recommends to the Board the specific remuneration packages for each Director as well as for the KMP. The RC also reviews all aspects of remuneration, including directors' fees, salaries, allowances, bonuses and benefits in kind.

The remuneration packages of executive Directors and KMP are approved by the Board upon recommendations by the RC. The Executive Chairman and the CEO do not participate in meetings to discuss their compensation packages. The two executive Directors and all KMP are on service contracts with fixed appointment periods. The RC reviews the service contracts of Executive Directors and KMP to ensure that they do not contain onerous removal clauses.

Level and Mix of Remuneration

Principle 8: Appropriate remuneration to attract, retain and motivate Directors and key management personnel

Remuneration Policy of Directors and Key Management Personnel ("KMP")

The Group's remuneration policy is to provide compensation packages at market rates which reward successful performance and attract, retain and motivate Directors and managers.

The compensation packages for executive Directors and KMP comprise a fixed component (in the form of a base salary and fixed allowances), a variable component (comprising short-term incentives in the form of year-end and variable bonuses and benefits-in-kind, where applicable). The variable components take into account, amongst other factors, the executive Directors' and KMP's performance, the Company's performance and industry practices.

In determining the variable incentives for an executive Director and a KMP, his/her individual performance and contribution is taken into consideration together with the competitive market practices and information gathered from market surveys conducted by the Company's Human Resources department. This is then reviewed along with the Company's performance, taking into consideration specific indicators tracked over time which align with shareholders' interest, risk policies of the Company which promote the long-term success of the Company. Besides profitability, the quality of the Company's core business is also taken into account with the monitoring of the size and robustness of its loan assets and the level of non-performing loans. Based on its assessment, the RC believes that the performance conditions used in determining the variable components of executive Director and KMP have been met.

When reviewing the structure and level of Directors' fees, the RC takes into consideration the Directors' respective roles and responsibilities in the Board and Board Committees, effort and time spent, and changes in the business, corporate governance practices and regulatory rules. The RC also compares the Company's fee structure against industry practices. Other factors taken into consideration in the fee review includes frequency of Board and Board Committee meetings, corporate performance for the financial year under review as well as the corporate and economic outlook in the new financial year, and the interval since the last fee review. No Director is involved in deciding his own remuneration.

Staff retirement gratuity is the only long-term incentive scheme. Staff (including executive Directors) who are employed before 28 December 2002 are entitled to the staff retirement gratuity if they have worked for at least 12 continuous years prior to retirement. Apart from the staff retirement gratuity, SFL does not offer shares or grant options with vesting period or employees share scheme.

Disclosure on Remuneration

Principle 9: Clear disclosure on remuneration policies, level and mix

Disclosure of Remuneration

Details of Directors' remuneration for the year ended 30 June 2015 are set out below:

	Base Salary %	Bonus/ Allowances %	Other Benefits (a) %	Board/Board Committee Fees (b) %
\$500,000 to below \$750,000				
1. Teo Chiang Long	61.86	29.32	3.06	5.76
2. Jamie Teo Miang Yeow	64.71	24.54	3.14	7.61
Below \$250,000				
3. Phua Bah Lee	-	-	-	100.00
4. Teoh Eng Hong	-	-	-	100.00
5. William Ho Ah Seng	-	-	-	100.00
6. Yu-Foo Yee Shoon	-	-	-	100.00
7. Tan Hui Keng, Martha	-	-	-	100.00

Notes :

- (a) These relate to long-term incentive scheme, staff retirement gratuity.
- (b) These fees comprise Directors' fees for the financial year ended 30 June 2015 which are subject to approval by shareholders as a lump sum at the forthcoming AGM.

The 2012 Code recommends that the Company should fully disclose the remuneration of each individual Director and the CEO on a named basis. After careful deliberation, the Board is of the view that such disclosure would not be in the best interests of the Company or its shareholders, and that the details disclosed in the table above provides an appropriate balance between detailed disclosure and confidentiality in the sensitive area of remuneration. In arriving at its decision, the Board also took into consideration the competitive business environment in which the Group operates, and the negative impact such disclosure may have on the Group.

The 2012 Code recommends that the Company should name and disclose the remuneration of at least the top five KMP (who are not Directors or the CEO) in bands of \$250,000/-. In addition, the Company should also disclose in aggregate the total remuneration paid to these KMP. After careful deliberation, the Board is of the view that such disclosure would be disadvantageous to the Group's business interests, given the prevailing highly competitive industry conditions.

Remuneration of Director's Immediate Family Member

The 2012 Code also recommends disclosure of the details of the remuneration of employees who are immediate family members of a Director or the CEO, whose remuneration exceeds \$50,000/- during the year, in bands of \$50,000/-. Mrs Ngoy Jootian, sister of the Executive Chairman, Mr Teo Chiang Long and aunt of CEO Mr Jamie Teo Miang Yeow, was the Company Secretary and a General Manager of the Company. Her remuneration for the year ended 30 June 2015 was within the band of \$300,000/- and \$350,000/-, and comprised 73.65% base salary and 26.35% bonus/allowances. Mrs Ngoy Jootian retired on 31 August 2015 after having served the Company for 22 years.

ACCOUNTABILITY AND AUDIT

Accountability

Principle 10: Board should present a balanced and understandable assessment of the company's performance, position and prospects

Accountability of Board and Management

The Directors recognise that they have overall responsibility to ensure accurate financial reporting for the Group.

The Board provides shareholders with quarterly and annual financial results. In presenting these statements, the Board aims to provide shareholders with a balanced and understandable assessment of the Group's performance and position with a commentary at the date of announcement of the competitive conditions within the industry in which it operates.

Management provides all Directors periodically with accounts and reports on the Group's financial performance and commentaries on the competitive conditions within the industry in which the Group operates, which are reviewed by the Board at each Board meeting prior to release of the announcements on the quarterly and full-year results of the Group in accordance with the regulatory requirements. Periodic reports covering the Group's financial performance are also provided to all Directors. Apart from the periodic updates provided by Management, the Directors may at any time seek further information from, and discuss with, Management on the Group's operations and performance.

Risk Management and Internal Controls

Principle 11: Sound system of risk management and internal controls

Risk Management

The Board is fully committed to the implementation of sound risk management policies and practices, which are aligned to the Group's overall business strategy and objectives. The Board determines the type and level of business risks that the Group undertakes and, at least annually, reviews the adequacy and effectiveness of the Group's risk management and internal control systems, including financial, operational, compliance and information technology controls.

The Risk Management Committee ("RMC") assists the Board in overseeing risk governance in the Group's business and operations and ensuring that Management maintains a sound system of risk management and internal controls to safeguard shareholders' interests and the Group's assets.

The RMC currently comprises four members. They are independent non-executive Directors Mr Teoh Eng Hong (Chairman), Mdm Tan Hui Keng, Martha and Mr William Ho Ah Seng, and executive Director & CEO, Mr Jamie Teo Miang Yeow. To enhance communications between the Audit Committee and the RMC, Mr Teoh Eng Hong and Mdm Tan Hui Keng, Martha, are members of both committees.

The roles and responsibilities of RMC include the following:

- Oversee and advise the Board on the Group's risk appetite, risk strategy and risk exposure.
- Review and guide Management in the formulation of the Group's risk policies and in the execution of risk assessment processes and mitigation strategies.
- Monitor and manage the risk exposures of the Group.
- Review the effectiveness of the Group's risk management system.

The RMC has in turn appointed the Credit Control Committee, Credit Portfolio Committee, Asset-Liability Committee and Operational & Technology Risk Committee to assist in fulfilling its roles.

The key risks of the Group include credit risk, market risk, liquidity risk and operational & technology risk.

Credit Risk

Counter-party and credit risk is defined as potential loss arising from any failure by customers to fulfil their obligations, as and when they fall due. Exposure in credit risks arises primarily from lending activities.

The two management committees assisting in the management of credit risk are the Credit Control Committee and Credit Portfolio Committee.

The Credit Control Committee ("CCC") develops the credit risk management framework, policies and procedures for concurrence by the RMC and approval by the Board. The CCC also reviews delinquent accounts and makes decisions on recovery actions.

The Credit Portfolio Committee ("CPC") manages risk on a portfolio-wide basis and recommends alternative portfolio strategies, analyses results of portfolio management actions, and develops portfolio limits for each portfolio segment for approval by the RMC.

Risk parameters for accepting credit risk are clearly defined, and are supported by written policies and processes in the Lending Guidelines to ensure that the Group maintains a well diversified and high quality loan portfolio.

The credit control functions ensure that credit risks are closely monitored and managed in compliance with the Group's credit policies and guidelines.

Credit reviews are carried out regularly to proactively identify and address potential weakness in the credit process and to pre-empt any unexpected deterioration in credit quality.

Credit stress tests are also conducted regularly to analyse the impact of plausible adverse scenarios on the Group's loan portfolio.

The Group addresses credit concentration risk by setting and monitoring credit portfolio and industry mix limits on a regular basis.

Continuous efforts are being made to further enhance the Group's credit risk management processes.

Market Risk

Market risk encompasses price and interest rate risk, which are inherent in the ordinary course of the Group's business. Market risk is defined as the uncertainty in market value of a given portfolio arising from movements in market factors including interest rates, equity prices and asset values.

The Asset-Liability Committee ("ALCO") manages the balance sheet to achieve an optimal balance between risk and reward, with regard to structural interest rate risk, and liquidity and funding risk, determines the appropriate levels of liquidity and ensures that funding is managed cost effectively, and reviews contingency plans for liquidity crises.

The Group has a comprehensive set of policies and monitoring system in place for the management of market risk. This includes limits for funding, maturity, and re-pricing gaps between assets and liabilities. An additional measure used by the Group for the interest rate sensitive investments is Present Value of a Basis Point ("PV01"), which measures the change in value of the interest rate sensitive exposures resulting from one basis point increase across the entire yield curve.

The Group uses an Asset Liability Management System to enhance its capabilities for simulation, scenario analysis and stress testing. Interest rate risk sensitivity analysis can now be performed under various interest rate scenarios using dynamic simulation modelling.

The Investment Committee ("INV"), which has been set up to oversee the investment portfolio of the Company, reviews and recommends the limits of the Company's investments for approval by the Board as well as approves policies and strategies regarding these investments.

The INV comprises three members, namely, Mr Teo Chiang Long (Executive Chairman), Mr Jamie Teo Miang Yeow (Executive Director & CEO) and Mr Desmond Tan (General Manager, Operations & Process Improvement).

Liquidity Risk

Liquidity risk arises in the general funding of the Group's activities and in the management of its assets and liabilities. It is the Group's policy to maintain adequate liquidity at all times. The Group maintains sufficient liquidity to fund its day-to-day operations, including customers' demands for loan drawdowns, as well as any unanticipated cash funding needs.

Liquidity stress testing is performed to assess and plan for the impact of various scenarios which may put the Company's liquidity at risk.

Liquidity policies, procedures and limits are in place to ensure effective liquidity management and compliance with all regulatory requirements.

Operational & Technology Risk

Operational risk is the risk of loss resulting from inadequate or failed internal processes, people and systems or from external events. Technology risk is any risk related to information technology and information security.

The Operational & Technology Risk Committee ("OPTECH") supports the RMC in its handling of operational and technology risk. The OPTECH develops the operational and technology risk management framework, policies and procedures, and makes recommendations to mitigate risks and improve the efficiency and effectiveness of the operation process and information flows.

To pro-actively manage operational risk, each department undertakes regular operational risk and control self-assessments which involve identifying and assessing inherent risks, as well as assessing the effectiveness of controls to mitigate the identified risks. Where necessary, action plans are formulated based on the severity of the assessed residual risk after considering the mitigating controls. In addition, the internal audit function provides assurance by checking the system of internal controls through regular and ongoing audit procedures and reports on the effectiveness of internal controls to Management and the Audit Committee.

Management provides an attestation to the RMC on the state of business continuity management readiness, extent of alignment to MAS guidelines and declaration of residual risk.

Technology risk is managed in accordance to a Technology Risk Management Framework (which covers risk governance, identification, monitoring, assessment, mitigation and reporting), supported by a set of information technology policies and standards, control processes and risk mitigation programs.

Compliance risk is the risk of impairment to the Group's ability to successfully conduct its business as a result of any failure to comply with applicable regulatory requirements. The Compliance Department is responsible for the Group's satisfactory compliance with the relevant regulatory requirements and internal policies. The Compliance Department is an independent function within the organisation which provides support such as carrying out independent checks upon implementation of new or changes in policies and procedures, as well as providing advice on regulatory requirements to relevant departments.

Risk management is an ongoing process. Continuous efforts are being made to ensure that the Group's risk management system and processes are in line with industry best practices.

Internal Controls

The Directors recognise that they have overall responsibility for the Group's system of internal controls.

The Company's external auditors carry out in the course of their statutory audit, a review of the effectiveness of the Company's material internal controls focusing primarily on financial controls, to the extent set out in their audit plan. Material non-compliance and internal control weaknesses noted during their audit, and the external auditor's recommendation to address such non-compliance and weaknesses, are reported to the Audit Committee. Management, with the assistance of internal auditors, follows up on external auditor's recommendations as part of its role in the review of the Company's internal control systems

Besides that, all business units perform self-assessment of their processes to evaluate and manage the adequacy and effectiveness of their internal controls, as well as their level of compliance with applicable rules and regulations. The results of the evaluations are reviewed by Management.

The Board has received assurance from the CEO and the Chief Financial Officer ("CFO") that as at 30 June 2015:

- (a) the Group's financial records have been properly maintained, and the financial statements give a true and fair view of the Group's operations and finances; and
- (b) the Group's internal control systems, including financial, operational, compliance and information technology controls and risk management systems were adequate and effective to address the risks which the Group considers relevant and material to its operations.

Based on the internal controls established and maintained by the Group, work performed by internal and external auditors, reviews performed by Management and various Board Committees and the assurance received from the CEO and CFO, the Board, with the concurrence of the Audit Committee and Risk Management Committee, is of the opinion that the Group's system of internal control, including financial, operational, compliance and information technology controls and risk management systems were adequate and effective as at 30 June 2015 to address the risks which the Group considers relevant and material to its operations.

The Board notes that the system of internal controls provides reasonable, but not absolute, assurance that the Group will not be affected by any event that could be reasonably foreseen as it strives to achieve its business objectives. In this regard, the Board also notes that no system can provide absolute assurance against the occurrence of material errors, poor judgement in decision-making, human error, fraud or other irregularities.

Ethical Standard

The Company manages its business according to the core values of integrity, performance excellence, teamwork, trust and respect to which staff subscribes to and are assessed on. The Company has a comprehensive whistle blowing policy for staff to bring attention to the Audit Committee any concern, suspected breach or fraud, or activity or behaviour that may not be in compliance with the law and Code of Conduct of the Company.

Internal Code on Dealing in Securities

The Company has adopted an internal code on securities trading which provides guidance and internal regulation with regard to dealings in the Company's securities by its Directors and officers. These guidelines prohibit dealing in the Company's securities:

- (a) on short-term considerations;
- (b) while in possession of unpublished material price-sensitive information in relation to such securities; and
- (c) during the period commencing one month before the date of announcement of the quarterly and full-year financial results.

Audit Committee

Principle 12: Establishment of an Audit Committee

AC Composition and Role

The Audit Committee ("AC") is chaired by Mdm Tan Hui Keng, Martha and comprises Mr Teoh Eng Hong, Mr Phua Bah Lee and Mrs Yu-Foo Yee Shoon, all of whom are independent non-executive Directors. The Board considers that all the AC members, including the AC Chairman, have recent and relevant accounting or related financial management expertise or experience to discharge their duties as an AC member.

The AC has written terms of reference which clearly set out its authority and duties. The function of the AC is to assist the Board in fulfilling its responsibilities in providing an independent review of the effectiveness of the financial reporting process and internal control system.

The AC has explicit authority to investigate any matter within its terms of reference, full access to and co-operation by Management and full discretion to invite any Director or executive officer to attend its meetings, and reasonable resources to enable it to discharge its functions properly.

Specific functions of the AC include:

- Reviewing with Management and the external auditors the financial statements issued by the Group to ensure their completeness, accuracy and fairness;
- Reviewing the significant financial reporting issues and judgements so as to ensure the integrity of the Group's financial statements and any announcements relating to the Group's financial performance;
- Reviewing and reporting to the Board at least annually the adequacy and effectiveness of the Group's internal controls, including financial, operational, compliance and information technology controls;
- Reviewing, on an annual basis, the scope and results of the external audit and its cost effectiveness, and the independence and objectivity of the external auditors; and where external auditors supply a substantial volume of non-audit services, the nature and extent of the non-audit services;
- Reviewing annually with Management, the results of the review of the Group's internal controls by the internal and external auditors;
- Making recommendations to the Board on the appointment, reappointment and removal of the external auditors and approving the remuneration and terms of engagement of the external auditors;
- Reviewing the effectiveness of the internal auditors;
- Approving the appointment, resignation or dismissal of the internal auditors; and
- Reviewing related party and interested person transactions.

The AC keeps abreast of changes to accounting standards and issues which have a direct impact on financial statements during their engagement with the external and internal auditors. The AC meets with the external and internal auditors without the presence of Management at least twice during the year.

External Auditor

The AC also noted and reviewed the nature and extent of the non-audit services provided to the Group by the external auditors. The AC is of the opinion that the provision of such non-audit services did not affect the independence and objectivity of the external auditors. For details of the fees paid to the external auditors in respect of audit and non-audit services during the financial year, please refer to note 16 of the Notes to the Financial Statements.

The AC is satisfied that the external auditors have the requisite expertise and resources to perform their duties. Accordingly, the AC has nominated KPMG LLP for re-appointment as the external auditors at the forthcoming AGM. The external auditors have confirmed that they are registered with the Accounting and Corporate Regulatory Authority. The Company is thus in compliance with Rule 712 and Rule 715 of the SGX-ST Listing Manual in relation to the appointment of the Group's auditors.

Whistle-Blowing Policy

In line with 2012 Code, the AC has reviewed the Company's comprehensive whistle-blowing policy whereby staff of the Company may, in confidence, bring to the attention of the AC any concern, suspected breach or fraud, or possible improprieties in matters of financial reporting or behaviour that may not be in compliance with the law and Code of Conduct of the Company. The AC is of the opinion that procedures are in place for the independent investigation of such matters and for appropriate follow up action.

Related Party and Interested Person Transactions

The Company has established policies and procedures on related party and interested persons transactions to ensure that such transactions are undertaken on an arm's length basis, on normal commercial terms consistent with the Company's usual business practices and policies, and are not prejudicial to the interest of the Company and its minority shareholders. The AC reviews all related party and interested persons transactions on a quarterly basis.

The interested person transactions and the aggregate value of interested person transactions disclosed as required under Rule 907 of the SGX-ST Listing Manual during the financial year ended 30 June 2015 are as follows:

Name of Interested Person	Aggregate value of all interested person transactions during the financial year under review (excluding transactions less than \$100,000 and transactions conducted under shareholders' mandate pursuant to Rule 920)	Aggregate value of all interested person transactions conducted under shareholders' mandate pursuant to Rule 920 (excluding transactions less than \$100,000)
High Luck Pte Ltd	\$1,004,289.99	NIL

The interested person transactions above were carried out on normal business engagements on commercial terms which are not prejudicial to the interest of the Company or its minority shareholders.

Internal Audit

Principle 13: Effective and independent internal audit function that is adequately resourced

Internal Audit Department

The Group has a well-established Internal Audit function with formal procedures for internal auditors to report their audit findings directly to the AC. The internal auditors report to the Chairman of the AC on audit issues and to the Chief Executive Officer of the Company on administrative matters.

Staffed by suitably qualified executives with relevant qualifications and experience, the primary role of the Internal Audit function is to assist the Board to evaluate the reliability, adequacy and effectiveness of internal controls and risk management processes of the Company. The AC reviews the adequacy of the internal audit function through a review of the internal auditors' programmes on a quarterly basis and ensures that the internal audit function has adequate resources and appropriate authority to perform its functions properly. The AC is also responsible for approving the appointment, remuneration, evaluation, resignation or dismissal of the Head of Internal Audit Department.

The internal auditors have unfettered access to all the Company's documents, records, properties and personnel, including access to the AC.

The Group has a separate compliance function to help ensure adherence with applicable legislation, rules and regulations in the conduct of its business.

SHAREHOLDERS RIGHTS AND RESPONSIBILITIES

Shareholder Rights

Principle 14: Fair and equitable treatment of shareholders

The Company treats all shareholders fairly and equitably. Shareholders are informed of any changes in the Company which are likely to materially affect the price or value of the Company's shares via SGXNET announcements on a timely basis.

All shareholders are entitled to attend and vote at general meetings in person or by proxy, and are informed of the rules, including voting procedures, that govern general meetings of shareholders. The Articles of Association of the Company allow a shareholder of the Company to appoint one or two proxies to attend and vote at all general meetings on his behalf.

Communication with Shareholders

Principle 15: Regular, effective and fair communication with shareholders

The Company endeavours to communicate regularly and effectively with its shareholders. The Company announces its quarterly and full-year results within the mandatory period.

The Company does not practise selective disclosure. Material and price-sensitive announcements are released to the public via SGXNET and such information is also posted on the Company's website at www.singapurafinance.com.sg.

Shareholders and investors may provide feedback or express their views via the enquiry or feedback platform at the Company's website.

In line with our dividend policy which aims to provide shareholders with a predictable and sustainable dividend return over the long term by balancing growth with prudent capital management, the Company is proposing a first and final dividend of 2 cents per share for this financial year.

Conduct of Shareholder Meetings

Principle 16: Greater shareholder participation at general meetings

The Board regards the AGM as a key opportunity to communicate directly with the shareholders and encourages attendance and participation in dialogue. The notice of AGM is dispatched to shareholders, together with explanatory notes on items of special business, at least 14 days before the meeting. The notice, first disseminated via SGXNET, is also published in newspapers.

Shareholders are given the opportunity to vote at general meetings. A registered shareholder who is unable to attend the meeting may choose to appoint not more than two proxies to attend and vote on his behalf. As the authentication of shareholder identity information and the integrity of the information transmitted is a concern, the Company has decided not to implement voting in absentia by mail or electronic means.

The Board and Management attending the AGM are available to answer questions from shareholders who are present. External auditors are also present to assist Directors in addressing relevant queries by shareholders.

Separate resolutions on each distinct issue are tabled at the AGM. Detailed information on each resolution is provided in the explanatory notes to the notice of AGM in the Annual Report.

The Board noted that with effect from 1 August 2015, the Company is required by the Listing Rules to conduct the voting of all resolutions put to general meetings by poll. The Chairman of the Meeting will be exercising his rights under Article 62(a) of the Company's Articles of Association for all resolutions proposed at the Company's forthcoming AGM on 21 October 2015 and at any adjournment thereof to be put to the vote by way of poll. Accordingly, each resolution at the AGM will be voted by way of a poll.

The Company shall be conducting electronic poll voting at the forthcoming AGM. With electronic poll voting, shareholders present in person or represented by proxy at the AGM will be entitled to vote on a 'one-share, one-vote' basis. The voting results of all votes cast in respect of each resolution will also be instantaneously displayed at the meeting and announced via SGXNET after the AGM.

The Company prepares minutes of general meetings that include substantial and relevant comments or queries from shareholders relating to the agenda of the meeting, and responses from the Board and Management.

Directors' Report

Year ended 30 June 2015

We are pleased to submit this annual report to the members of the Company together with the audited financial statements for the financial year ended 30 June 2015.

Directors

The directors in office at the date of this report are as follows:

Teo Chiang Long
Phua Bah Lee
Teoh Eng Hong
Yu-Foo Yee Shoon
Tan Hui Keng, Martha
Jamie Teo Miang Yeow
William Ho Ah Seng

Directors' interests

According to the register kept by the Company for the purposes of Section 164 of the Singapore Companies Act, Chapter 50 (the Act), particulars of interests of directors who held office at the end of the financial year (including those held by their spouses and infant children) in shares, debentures, warrants and share options in the Company are as follows:

	Shareholdings registered in the name of directors		Other shareholdings in which the directors are deemed to have an interest	
	Holdings at beginning of the year	Holdings at end of the year	Holdings at beginning of the year	Holdings at end of the year
Singapura Finance Ltd				
- ordinary shares				
Teo Chiang Long	2,811	5,622	41,466,748	82,933,496
Phua Bah Lee	82,250	164,500	7,980	15,960
Yu-Foo Yee Shoon	9,000	9,000	10,010	10,010
William Ho Ah Seng	3,625	7,250	–	–

By virtue of Section 7 of the Act, Mr. Teo Chiang Long is deemed to have an interest in the other subsidiaries of Singapura Finance Ltd, all of which are wholly-owned, at the beginning and at the end of the financial year.

Except as disclosed in this report, no director who held office at the end of the financial year had interests in shares, debentures, warrants or share options of the Company, or of related corporations, either at the beginning of the financial year, or date of appointment if later, or at the end of the financial year.

There were no changes in any of the above mentioned interests in the Company between the end of the financial year and 21 July 2015.

Neither at the end of, nor at any time during the financial year, was the Company a party to any arrangement whose objects are, or one of whose objects is, to enable the directors of the Company to acquire benefits by means of the acquisition of shares in or debentures of the Company or any other body corporate.

Except for salaries, bonuses and fees and those benefits that are disclosed in this report and in note 20 to the financial statements, since the end of the last financial year, no director has received or become entitled to receive, a benefit by reason of a contract made by the Company or its related corporations with the director, or with a firm of which he is a member, or with a company in which he has a substantial financial interest.

Warrants and share options

Warrants

At the end of the financial year, there were no warrants granted in respect of unissued ordinary shares in the Company.

Share options

During the financial year, there were:

- (i) no options granted by the Company or its subsidiaries to any person to take up unissued shares in the Company or its subsidiaries; and
- (ii) no shares issued by virtue of any exercise of option to take up unissued shares of the Company or its subsidiaries.

As at the end of the financial year, there were no unissued shares of the Company or its subsidiaries under option.

Audit Committee

The members of the Audit Committee during the financial year and at the date of this report are:

Tan Hui Keng, Martha, (Chairman) independent, non-executive director

Phua Bah Lee, independent, non-executive director

Teoh Eng Hong, independent, non-executive director

Yu-Foo Yee Shoon, independent, non-executive director

The Audit Committee performs the functions specified in Section 201B of the Act, the SGX Listing Manual and the Code of Corporate Governance.

The Audit Committee has held five meetings since the last directors' report. In performing its functions, the Audit Committee met with the Company's external and internal auditors to discuss the scope of their work, the results of their examination and evaluation of the Company's internal accounting control system.

The Audit Committee also reviewed the following:

- assistance provided by the Company's officers to the internal and external auditors;
- quarterly financial information and annual financial statements of the Group and the Company prior to their submission to the directors of the Company for adoption; and
- interested person transactions (as defined in Chapter 9 of the SGX Listing Manual).

The Audit Committee has full access to management and is given the resources required for it to discharge its functions. It has full authority and the discretion to invite any director or executive officer to attend its meetings. The Audit Committee also recommends the appointment of the external auditors and reviews the level of audit and non-audit fees.

The Audit Committee is satisfied with the independence and objectivity of the external auditors and has recommended to the Board of Directors that the auditors, KPMG LLP, be nominated for re-appointment as auditors at the forthcoming Annual General Meeting of the Company.

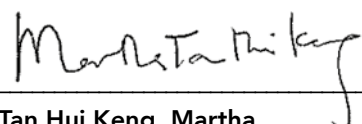

Auditors

The auditors, KPMG LLP, have indicated their willingness to accept re-appointment.

On behalf of the Board of Directors

Teo Chiang Long
Director

Tan Hui Keng, Martha
Director

Statement by Directors

Year ended 30 June 2015

In our opinion:

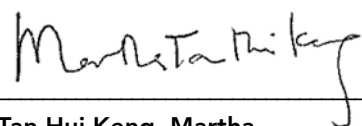

- (a) the financial statements set out on pages 39 to 85 are drawn up so as to give a true and fair view of the state of affairs of the Group and of the Company as at 30 June 2015 and the results, changes in equity and cash flows of the Group and changes in equity of the Company for the year ended on that date in accordance with the provisions of the Singapore Companies Act, Chapter 50 and Singapore Financial Reporting Standards; and
- (b) at the date of this statement, there are reasonable grounds to believe that the Company will be able to pay its debts as and when they fall due.

The Board of Directors has, on the date of this statement, authorised these financial statements for issue.

On behalf of the Board of Directors

Teo Chiang Long
Director

Tan Hui Keng, Martha
Director

Independent Auditors' Report

Members of the Company
Singapura Finance Ltd

Report on the financial statements

We have audited the accompanying financial statements of Singapura Finance Ltd (the Company) and its subsidiaries (the Group), which comprise the balance sheets of the Group and the Company as at 30 June 2015, the income statement, statement of comprehensive income, statement of changes in equity and cash flow statement of the Group and statement of changes in equity of the Company for the year then ended, and a summary of significant accounting policies and other explanatory information, as set out on pages 39 to 85.

Management's responsibility for the financial statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Singapore Companies Act, Chapter 50 (the Act) and Singapore Financial Reporting Standards, for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

Auditors' responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Singapore Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

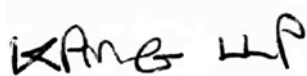

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements of the Group, the balance sheet and statement of changes in equity of the Company are properly drawn up in accordance with the provisions of the Act and Singapore Financial Reporting Standards so as to give a true and fair view of the financial position of the Group and of the Company as at 30 June 2015 and the financial performance, changes in equity and cash flows of the Group and changes in equity of the Company for the year ended on that date.

Report on other legal and regulatory requirements

In our opinion, the accounting and other records required by the Act to be kept by the Company and by those subsidiary corporations incorporated in Singapore of which we are the auditors have been properly kept in accordance with the provisions of the Act.

A handwritten signature in black ink, appearing to read "KPMG LLP", is written over a light grey rectangular background.

Notes to the Financial Statements

Year ended 30 June 2015

These notes form an integral part of the financial statements.

The financial statements were authorised for issue by the Board of Directors on 26 August 2015.

1 Domicile and activities

Singapura Finance Ltd (the Company) is incorporated in the Republic of Singapore and has its registered office at 150 Cecil Street, #01-00 Singapore 069543.

The principal activities of the Company are those relating to finance companies operating under the Finance Companies Act, Chapter 108. The principal activities of the subsidiaries are set out in note 9 to the financial statements.

The financial statements of the Company as at and for the year ended 30 June 2015 comprise the Company and its subsidiaries (together referred to as the "Group" and individually as "Group entities").

2 Basis of preparation

2.1 Statement of compliance

The financial statements have been prepared in accordance with the Singapore Financial Reporting Standards (FRS).

2.2 Basis of measurement

The financial statements have been prepared on the historical cost basis except for certain financial assets and financial liabilities which are measured at fair values.

2.3 Functional and presentation currency

These financial statements are presented in Singapore dollars, which is the Company's functional currency. All financial information presented in Singapore dollars have been rounded to the nearest thousand, unless otherwise stated.

2.4 Use of estimates and judgements

The preparation of financial statements in conformity with FRSs requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

Information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment within the next financial year is included in note 25.

2 Basis of preparation (continued)

2.5 Changes in accounting policies

(i) *Offsetting Financial Assets and Financial Liabilities*

As a result of the amendments to FRS 32 *Financial Instruments: Presentation – Offsetting Financial Assets and Financial Liabilities*, the Group has changed its accounting policy for offsetting financial assets and financial liabilities. The amendments clarify when an entity currently has a legally enforceable right to set-off and when gross settlement is equivalent to net settlement.

The change did not have a material impact on the financial statements of the Group and the Company.

(ii) *Disclosure of interests in other entities*

From 1 July 2014, as a result of FRS 112 *Disclosure of Interests in Other Entities*, the Group has assessed the disclosure requirements. The adoption of FRS 112 did not result in an expansion of the Group's disclosures about its interests in subsidiaries.

3 Significant accounting policies

The accounting policies set out below have been applied consistently to all periods presented in these financial statements, and have been applied consistently by Group entities, except as explained in note 2.5, which addresses changes in accounting policies.

3.1 Basis of consolidation

(i) *Subsidiaries*

Subsidiaries are entities controlled by the Group. The financial statements of subsidiaries are included in the consolidated financial statements from the date that control commences until the date that control ceases. The accounting policies of subsidiaries have been changed when necessary to align them with the policies adopted by the Group.

(ii) *Transactions eliminated on consolidation*

Intra-group balances and transactions, and any unrealised income and expenses arising from intra-group transactions, are eliminated in preparing the consolidated financial statements.

(iii) *Loss of control*

Upon the loss of control, the Group derecognises the assets and liabilities of the subsidiary, any non-controlling interests and the other components of equity related to the subsidiary. Any surplus or deficit arising on the loss of control is recognised in profit or loss. If the Group retains any interest in the previous subsidiary, then such interest is measured at fair value at the date that control is lost. Subsequently, it is accounted for as an equity-accounted investee or as an available-for-sale financial asset depending on the level of influence retained.

3 Significant accounting policies (continued)

3.1 Basis of consolidation (continued)

(iv) *Accounting for subsidiaries*

Investments in subsidiaries are stated in the Company's balance sheet at cost less accumulated impairment losses.

3.2 Property, plant and equipment

(i) *Recognition and measurement*

Items of property, plant and equipment are measured at cost less accumulated depreciation and accumulated impairment losses. Cost includes expenditure that is directly attributable to the acquisition of the asset. The cost of self-constructed assets includes:

- the cost of materials and direct labour;
- any other costs directly attributable to bringing the assets to a working condition for their intended use;
- when the Group has an obligation to remove the asset or restore the site, an estimate of the costs of dismantling and removing the items and restoring the site on which they are located; and
- capitalised borrowing costs.

Purchased software that is integral to the functionality of the related equipment is capitalised as part of that equipment.

When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

The gain or loss on disposal of an item of property, plant and equipment (calculated as the difference between the net proceeds from disposal and the carrying amount of the item) is recognised in profit or loss.

(ii) *Subsequent costs*

The cost of replacing a component of an item of property, plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the component will flow to the Group, and its cost can be measured reliably. The carrying amount of the replaced component is derecognised. The costs of the day-to-day servicing of property, plant and equipment are recognised in profit and loss as incurred.

(iii) *Depreciation*

Depreciation is based on the cost of an asset less its residual value. Significant components of individual assets are assessed and if a component has a useful life that is different from the remainder of that asset, that component is depreciated separately.

Depreciation is recognised as an expense in profit or loss on a straight-line basis over the estimated useful lives of each component of an item of property, plant and equipment, unless it is included in the carrying amount of another asset. Freehold land is not depreciated.

3 Significant accounting policies (continued)**3.2 Property, plant and equipment (continued)***(iii) Depreciation (continued)*

Depreciation is recognised from the date that the property, plant and equipment are installed and are ready for use, or in respect of internally constructed assets, from the date that the asset is completed and ready for use.

The estimated useful lives for the current and comparative years are as follows:

Freehold buildings	40 years
Leasehold land and buildings	40 years
Furniture and office equipment	Between 5 and 8 years
Motor vehicles	4 years
Computers	Between 3 and 5 years

Depreciation methods, useful lives and residual values are reviewed at the end of each reporting period and adjusted if appropriate.

3.3 Financial instruments*(i) Non-derivative financial assets*

The Group initially recognises loans and receivables and deposits on the date that they are originated. All other financial assets are recognised initially on the trade date, which is the date that the Group becomes a party to the contractual provisions of the instrument.

The Group derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or it transfers the rights to receive the contractual cash flows on the financial asset in a transaction in which substantially all the risks and rewards of ownership of the financial asset are transferred. Any interest in transferred financial assets that is created or retained by the Group is recognised as a separate asset or liability.

Financial assets and liabilities are offset and the net amount presented in the balance sheet when, and only when, the Group has a legal right to offset the amounts and intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

The Group has the following non-derivative financial assets: loans and receivables and available-for-sale financial assets.

Loans and receivables

Loans and receivables are financial assets with fixed or determinable payments that are not quoted in an active market. Such assets are recognised initially at fair value plus any directly attributable transaction costs. Subsequent to initial recognition, loans and receivables are measured at amortised cost using the effective interest method, less any impairment losses.

3 Significant accounting policies (continued)

3.3 Financial instruments (continued)

(i) Non-derivative financial assets (continued)

Loans and receivables (continued)

Loans and receivables comprise loans and advances, other receivables and deposits, cash and cash equivalents and statutory deposit with the Monetary Authority of Singapore.

Cash and cash equivalents

Cash and cash equivalents comprise cash at banks and in hand and fixed deposits with banks.

Available-for-sale financial assets

Available-for-sale financial assets are non-derivative financial assets that are designated as available for sale. Available-for-sale financial assets are recognised initially at fair value plus any directly attributable transaction costs. Subsequent to initial recognition, they are measured at fair value and changes therein, other than impairment losses (see note 3.4(i)), are recognised in other comprehensive income and presented in the fair value reserve in equity. When an investment is derecognised, the gain or loss accumulated in equity is reclassified to profit or loss.

Available-for-sale financial assets comprise equity securities and Singapore Government Securities.

(ii) Non-derivative financial liabilities

All financial liabilities are recognised initially on the trade date, which is the date that the Group becomes a party to the contractual provisions of the instrument.

The Group derecognises a financial liability when its contractual obligations are discharged, cancelled or expire.

Financial assets and liabilities are offset and the net amount presented in the balance sheet when, and only when, the Group has a legal right to offset the amounts and intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

The Group classifies non-derivative financial liabilities into other financial liabilities category. Such financial liabilities are recognised initially at fair value plus any directly attributable transaction costs. Subsequent to initial recognition, these financial liabilities are measured at amortised cost using the effective interest method.

Other financial liabilities comprise deposits and savings accounts of customers and trade and other payables.

(iii) Share capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of ordinary shares and share options are recognised as a deduction from equity, net of any tax effects.

3 Significant accounting policies (continued)

3.4 Impairment

(i) *Non-derivative financial assets*

A financial asset is assessed at the end of each reporting period to determine whether there is objective evidence that it is impaired. A financial asset is impaired if objective evidence indicates that a loss event(s) has occurred after the initial recognition of the asset, and that the loss event(s) has an impact on the estimated future cash flows of that asset that can be estimated reliably.

Objective evidence that financial assets (including equity securities) are impaired can include default or delinquency by a debtor, restructuring of an amount due to the Group on terms that the Group would not consider otherwise, indications that a debtor or issuer will enter bankruptcy, adverse changes in the payment status of borrowers or issuers in the Group, economic conditions that correlate with defaults or the disappearance of an active market for a security. In addition, for an investment in an equity security, a significant or prolonged decline in its fair value below its cost is objective evidence of impairment. The Group considers a decline of 20% to be significant and a period of 9 months to be prolonged.

Loans and receivables

The Group considers evidence of impairment for loans and receivables at both a specific asset and collective level. All individually significant loans and receivables are assessed for specific impairment. All individually significant receivables found not to be specifically impaired are then collectively assessed for any impairment that has been incurred but not yet identified. Loans and receivables that are not individually significant are collectively assessed for impairment by grouping together loans and receivables with similar risk characteristics.

In assessing collective impairment, the Group uses historical trends of the probability of default, the timing of recoveries and the amount of loss incurred, adjusted for management's judgement as to whether current economic and credit conditions are such that the actual losses are likely to be greater or less than suggested by historical trends.

An impairment loss in respect of a financial asset measured at amortised cost is calculated as the difference between its carrying amount and the present value of the estimated future cash flows discounted at the asset's original effective interest rate. Losses are recognised in profit or loss and reflected in an allowance account against loans and receivables. Interest on the impaired asset continues to be recognised. When a subsequent event (e.g. repayment by a debtor) causes the amount of impairment loss to decrease, the decrease in impairment loss is reversed through profit or loss.

Available-for-sale financial assets

Impairment losses on available-for-sale financial assets are recognised by reclassifying the losses accumulated in the fair value reserve in equity to profit or loss. The cumulative loss that is reclassified from equity to profit or loss is the difference between the acquisition cost, net of any principal repayment and amortisation, and the current fair value, less any impairment loss recognised previously in profit or loss. Changes in cumulative impairment provisions attributable to application of the effective interest method are reflected as a component of interest income. If, in a subsequent period, the fair value of an impaired available-for-sale debt security increases and the increase can be related objectively to an event occurring after the impairment loss was recognised in profit or loss, then the impairment loss is reversed, with the amount of the reversal recognised in profit or loss. However, any subsequent recovery in the fair value of an impaired available-for-sale equity security is recognised in other comprehensive income.

3 Significant accounting policies (continued)**3.4 Impairment (continued)***(ii) Non-financial assets*

The carrying amounts of the Group's non-financial assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. An impairment loss is recognised if the carrying amount of an asset or its related cash-generating unit (CGU) exceeds its estimated recoverable amount.

The recoverable amount of an asset or CGU is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU. For the purpose of impairment testing, assets that cannot be tested individually are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or CGU.

Impairment losses are recognised in profit or loss. Impairment losses recognised in respect of CGUs are allocated to reduce the carrying amounts of the CGU (group of CGUs) on a *pro rata* basis.

In respect of other assets, impairment losses recognised in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

3.5 Employee benefits*Defined contribution plans*

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into a separate entity and will have no legal or constructive obligation to pay further amounts. Obligations for contributions to defined contribution pension plans are recognised as an employee benefit expense in profit or loss in the periods during which related services are rendered by employees.

Other long-term benefits

The Group's net obligation in respect of long-term employee benefits is the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is accrued annually at a specified rate based on salaries paid to employees during the year. Benefits are only applicable to employees who joined before 28 December 2002 and completed 12 years of continuous service.

Short-term benefits

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognised for the amount expected to be paid under short-term cash bonus or profit-sharing plans if the Group has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

3 Significant accounting policies (continued)

3.6 Provisions

A provision is recognised if, as a result of a past event, the Group has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as finance cost.

3.7 Revenue

Interest income is recognised in profit or loss using the effective interest method. The effective interest rate is the rate that exactly discounts the estimated future cash payments and receipts through the expected life of the financial asset or liability (or, where appropriate, a shorter period) to the carrying amount of the financial asset or liability. The effective interest rate is established on initial recognition of the financial assets and is not revised subsequently unless contractually adjusted.

The calculation of the effective interest rate includes all transaction costs and fees and points paid or received that are an integral part of the effective interest rate. Transaction costs include incremental costs that are directly attributable to the acquisition or issue of a financial asset or liability.

Interest income and expense presented in the income statement include interest on financial assets and liabilities at amortised cost on an effective interest rate basis.

Where charges are added to the principal financed at the commencement of the period, the general principle adopted for crediting income to profit or loss is to spread the income over the period in which the repayments are due using the following bases for the various categories of financing business:-

Interest income on loans and advances

In general, the basis adopted for crediting income from loans to profit or loss is to spread the interest over the period in which the repayments are due. Interest on mortgaged loans is charged on the annual/monthly/daily rest basis and credited to profit or loss in the period to which it relates.

Interest rebate on hire purchase

Term charges on hire purchase and leasing transactions are accounted for using the Rule of 78 (sum of digits) method. The balance of such term charges at the financial year end is carried forward as unearned charges.

Interest income from Singapore Government Securities

Interest income from Singapore Government Securities is recognised as it accrues in profit or loss using the effective interest method.

Interest income from bank deposits

Interest income from bank deposits is recognised in profit or loss as it accrues on an effective interest method.

3 Significant accounting policies (continued)

3.7 Revenue (continued)

Dividend income

Dividend income is recognised in profit or loss when the shareholder's right to receive payment is established, which in the case of quoted securities is normally the ex-dividend date.

3.8 Tax

Tax expense comprises current and deferred tax. Current tax and deferred tax are recognised in profit or loss except to the extent that it relates to items recognised directly in equity or in other comprehensive income.

Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using tax rates enacted or substantively enacted at the reporting date, and any adjustment to tax payable in respect of previous years.

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is not recognised for temporary differences on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss, and temporary differences relating to investments in subsidiaries to the extent that the Group is able to control the timing of the reversal of temporary difference and it is probable that they will not reverse in the foreseeable future.

The measurement of deferred taxes reflects the tax consequences that would follow the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities. Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets and they relate to taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

A deferred tax asset is recognised for unused tax losses, tax credits and deductible temporary differences, to the extent that it is probable that future taxable profits will be available against which they can be utilised. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

In determining the amount of current and deferred tax, the Group takes into account the impact of uncertain tax positions and whether additional taxes and interest may be due. The Group believes that its accruals for tax liabilities are adequate for all open tax years based on its assessment of many factors, including interpretations of tax law and prior experience. This assessment relies on estimates and assumptions and may involve a series of judgements about future events. New information may become available that causes the Group to change its judgement regarding the adequacy of existing tax liabilities; such changes to tax liabilities will impact tax expense in the period that such a determination is made.

3 Significant accounting policies (continued)

3.9 Lease payments

Payments made under the operating leases are recognised in profit or loss on a straight-line basis over the term of the lease. Lease incentives received are recognised as an integral part of the total lease expense, over the term of the lease.

3.10 Earnings per share

The Group presents basic and diluted earnings per share data for its ordinary shares. Basic earnings per share is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the year, adjusted for own shares held. Diluted earnings per share is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding, adjusted for own shares held, for the effects of all dilutive potential ordinary shares.

3.11 New standards and interpretations not adopted

A number of new standards, amendments to standards and interpretations are effective for annual periods beginning after 1 July 2014, and have not been applied in preparing these financial statements. None of these are expected to have a significant effect on the financial statements of the Group and the Company. The Group does not plan to adopt these standards early.

20 Related parties (continued)

Other transactions with related corporations

Other than transactions with related corporations separately disclosed in the financial statements, the following related party transaction was carried out in the normal course of business on terms agreed between the parties during the financial year:

	Group		Company	
	2015	2014	2015	2014
	\$'000	\$'000	\$'000	\$'000
Interest on deposits paid to subsidiaries	–	–	15	15
Interest on deposits paid to related parties	880	506	880	506

21 Contingent liabilities

These are commitments entered into by the Group and the Company on behalf of customers for which customers have corresponding obligations under their contracts with the Group and the Company, and are in respect of the following:

	Group and Company	
	2015	2014
	\$'000	\$'000
Guarantees	200	200

These contingent liabilities are not secured on any of the Group's assets.

22 Commitments

Lease commitments

At 30 June 2015, the Group and the Company have commitments for future minimum lease payments under non-cancellable operating leases as follows:

	Group and Company	
	2015	2014
	\$'000	\$'000
Within one year	912	1,011
Between one year and five years	696	1,608
	1,608	2,619

Other commitments

	Group and Company	
	2015	2014
	\$'000	\$'000
Undrawn credit lines and other commitments to extend credit	193,196	213,593

23 Financial risk management

Overview

The Group has exposure to the following risks from its use of financial instruments:

- credit risk
- liquidity risk
- market risk

This note presents information about the Group's exposure to each of the above risks, the Group's objectives, policies and processes for measuring and managing risk, and the Group's management of capital.

Risk management framework

The Board of Directors has overall responsibility for the establishment and oversight of the Group's risk management framework. The Board has established the Risk Management Committee (RMC), which is responsible for developing and monitoring the Group's risk management policies. The RMC reports regularly to the Board of Directors on its activities.

The Group's risk management policies are established to identify and analyse the risks faced by the Group, to set appropriate risk limits and controls, and to monitor risk and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Group's activities. All major policy decisions and approval on risk exposures including loan limits are approved by the Board of Directors upon concurrence by the RMC. In addition, internal audits are conducted on an ongoing basis to confirm that these policies and procedures are functioning effectively and any deviations are duly highlighted for special attention.

Credit risk

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Group's loans and advances to customers. For risk management reporting purposes, the Group considers and consolidates all elements of credit risk exposure.

Management of credit risk

The Board of Directors has delegated responsibility for the oversight of credit risk to the RMC, which in turn appoints the Credit Control Committee and Credit Portfolio Committee to assist in the management of credit risk. The Credit Control Committee develops the credit risk management framework, policies and procedures for review and concurrence by RMC and approval by the Board of Directors. The Credit Control Committee also reviews delinquent accounts and makes decisions on recovery actions.

Credit reviews are conducted regularly to monitor the health of the loan portfolio and to detect early signs of weaknesses and deviations.

23 Financial risk management (continued)**Credit risk (continued)****Management of credit risk (continued)**

The Credit Portfolio Committee manages risk on a portfolio-wide basis and recommends alternative portfolio strategies, analyses results of portfolio management actions, and develops portfolio limits for each portfolio segment for approval by the RMC. Credit risk concentration is addressed by setting a credit portfolio mix limit and monitoring the limit on a regular basis.

Credit stress tests are also conducted periodically to determine the impact of security values and other stress parameters on the loan portfolio. This allows the Group to assess the potential financial impact of losses arising from plausible adverse scenarios on the Group's loan portfolio.

Exposure to credit risk

The maximum exposure to credit risk is represented by the carrying amount of the financial assets in the statements of financial position, reduced by the value of the collateral held.

Loans and advances to customers can be analysed as follows:

	Note	Group and Company	
		2015 \$'000	2014 \$'000
Performing accounts that are			
- past due but not impaired		38,337	20,657
- neither past due nor impaired		885,099	769,642
Gross amount		923,436	790,299
Allowance for collective impairment		(9,449)	(8,663)
Carrying amount		913,987	781,636
Individually impaired			
Substandard (payment not kept current but fully secured)		21,496	10,652
Loss (fully provided for)		672	389
Gross amount		22,168	11,041
Allowance for impairment		(672)	(389)
Carrying amount		21,496	10,652
Net carrying amount	6	935,483	792,288

There are no loans and advances with renegotiated terms that are neither past due nor impaired as at 30 June 2015 (2014: \$Nil).

Past due but not impaired: when contractual interest or principal payments are past due by not more than three months and the Group believes that impairment is not appropriate on the basis of the security available and/or the stage of collection.

The Group writes off wholly or partially loan balances (together with any related allowances for impairment losses) when the Group determines that the debts are irrecoverable, e.g. borrower has been made bankrupt, or all actions have been exhausted.

Notes to the Financial Statements

Year ended 30 June 2015

23 Financial risk management (continued)

Credit risk (continued)

Exposure to credit risk (continued)

Set out below is an analysis of the gross and net (of allowances for impairment) amounts of individually impaired loans and advances to customers by risk grade.

	Gross amount \$'000	Amount net of allowances for impairment \$'000
2015		
Substandard	21,496	21,496
Loss	672	–
	<u>22,168</u>	<u>21,496</u>
2014		
Substandard	10,652	10,652
Loss	389	–
	<u>11,041</u>	<u>10,652</u>

The Group normally holds collateral against loans and advances to customers. These are in the form of mortgage interests over property and ownership or other registered interests over assets. Estimates of fair value of collateral are assessed in each accounting period prior to determination of individual impairment allowances.

An estimate of the financial effect of collateral and other security enhancements held against loans and advances on maximum credit risk exposure amounted to \$944,466,000 (2014: \$800,590,000). The Group's claim against such collateral will be limited to the obligations of the respective obligors.

As at the reporting date, the Group did not repossess any collateral held as security.

The Group monitors concentrations of credit risk by sector. An analysis of concentrations of credit risk at the reporting date is shown below:

	Loans and advances to customers (Gross)	
	2015 \$'000	2014 \$'000
Concentration by sector		
Hire purchase/block discounting	252,995	177,258
Housing loans secured by property	82,573	53,091
Other loans and advances:		
- Agriculture, mining and quarrying	828	883
- Manufacturing	27,033	31,460
- Building and construction	110,552	98,484
- General commerce	63,902	45,051
- Transport, storage and communication	76,564	77,105
- Investment and holding companies	92,451	101,167

At the reporting date, there was no significant concentration of credit risk.

23 Financial risk management (continued)

Liquidity risk

Liquidity risk is the risk that the Group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset.

Management of liquidity risk

The Group's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Group's reputation.

The Group is currently funded from equity and deposit liabilities. Liquidity risk arises from the management of the net funding position after accounting for the ongoing cash flows from the loan assets, the deposit liabilities and the interest-bearing placements at various points in time.

Liquidity risk is managed in accordance to the Group's liquidity framework of policies, contingency funding plan, controls and limits approved by the Asset and Liability Committee (ALCO). This framework ensures that liquidity risk is monitored and managed in a manner that ensures sufficient sources of funds are available over a range of market conditions. Stress testing is conducted under the name specific crisis and general market crisis scenarios. This is undertaken to assess and plan for the impact of the scenarios which may put the Group's liquidity at risk.

Liquidity risk is also mitigated through the large number of customers in its diverse loans and deposits bases and the close monitoring of exposure to avoid any undue concentration.

Maturity analysis of financial liabilities

The following are the contractual maturities of the Group's and Company's non-derivatives financial liabilities, loan commitments and contingent liabilities at the reporting date, which are based on contractual undiscounted cash flows (including interest payments) at the earliest date the Group and Company can be required to pay.

The expected cash flows on these instruments may vary significantly from this analysis. In particular, deposits from customers are expected to maintain a stable balance; and undrawn loan commitments are not all available to be drawn down immediately upon finalisation of legal documentation due to factors like the progressive nature of the facility to be based on the stage of completion of work in progress.

23 Financial risk management (continued)

Market risk

Market risk is the risk that changes in market prices, such as interest rates, equity prices and foreign exchange rates will affect the Group's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return on risk.

Currency risk

Foreign currency risk is the risk that the value of financial assets or liabilities will fluctuate due to changes in foreign exchange rates. The Group is not exposed to foreign currency risk.

Interest rate risk

Interest rate risk is the risk that the value of the Group's financial assets and/or financial liabilities changes because of changes in interest rates. Interest rate risk arises primarily from the fact that financial assets and financial liabilities typically reprice at different points in time.

Risk management policy

The overall objective of interest rate risk management is to manage current and future earnings sensitivity arising from various interest rate exposures. Interest rate risk exposures are measured using a combination of repricing gap, present value of 1 basis point reports and simulation modeling. The ALCO meets periodically to review the risk profile of the Group against the prevailing business and economic conditions, focusing on market and interest rate risks. The Committee relates structure of assets and liabilities to funding mismatches and interest rate repricing risks and ensures compliance with ratios, limits and guidelines set by the Board.

Exposure to interest rate risk

The Group does not hold a trading portfolio. The principal risk to which its non-trading portfolio is exposed arises from the risk of fluctuations in the future cash flows or fair values of financial instruments because of changes in market interest rates. Interest rate risk is managed principally through monitoring interest rate gaps and by having pre-approved limits for repricing bands.

The Group's exposure to interest rate risk relates primarily to the Group's loan and investment portfolios as well as deposit liabilities. Interest rate risk will arise when these assets and liabilities mature or reprice at different times or in differing amounts, or when market conditions dictate the extent of repricing possible. The Group manages this risk through diversity in its loan portfolio and to a lesser extent in its deposit portfolio.

23 Financial risk management (continued)**Market risk (continued)*****Sensitivity analysis****Interest rate risk*

Interest rate sensitivity analyses are performed under various interest rate scenarios using simulation modelling where the sensitivity of projected net interest income is measured against changes in market interest rates.

The projected impact on future net interest income before tax over the next twelve months from the close of the year is simulated under various interest rate assumptions. Based on a 100 basis point parallel rise in yield curves applied to the year-end position, net interest income is estimated to increase by \$673,000 (2014: increase by \$386,000). The corresponding impact from a 100 basis point fall is an estimated reduction of \$479,000 (2014: \$1,446,000) in net interest income.

The sensitivity analysis of the Group is illustrative only. It assumes that interest rates of all tenors move by the same amount and does not reflect the potential impact on net interest income of some rates changing while others remained unchanged. The analysis also assumes that all financial assets and liabilities run to contractual maturity without action by the Group to mitigate any impact of such changes.

Portfolio price risk

Portfolio price risk is the risk that the value of a financial instrument will fluctuate as a result of changes in market prices (other than those arising from interest rate risk or currency risk), whether caused by factors specific to the individual security or factors that affect all instruments in the market.

At the reporting date, the Group has available-for-sale Singapore Government Securities of approximately \$116 million (2014: \$108 million). A 1% increase in prices at the reporting date would have increased equity by \$1.2 million (2014: \$1.1 million). An equal change in the opposite direction would have decreased equity by \$1.2 million (2014: \$1.1 million). The analysis is performed on the same basis for 2014.

At the reporting date, the Group has available-for-sale quoted equity securities of approximately \$7 million (2014: \$10 million). A 10% increase in prices at the reporting date would have increased equity by \$0.7 million (2014: \$1.0 million). An equal change in the opposite direction would have decreased equity by \$0.5 million (2014: \$1.0 million) and profit for the year by \$0.2 million (2014: \$Nil). The analysis is performed on the same basis for 2014.

The sensitivity analysis is based on management's best estimate of the sensitivity to a reasonable possible change. In practice, the actual results will differ from the sensitivity analysis and the differences could be material.

23 Financial risk management (continued)**Capital management*****Regulatory capital***

The Group maintains a capital adequacy ratio ("CAR") in excess of the prescribed ratio, which is expressed as a percentage of adjusted regulatory capital to total risk weighted assets.

- (1) The Group's adjusted regulatory capital includes share capital, capital reserve, statutory reserve, general reserve, fair value reserve relating to unrealised losses on equity securities classified as available-for-sale and accumulated profits.

As at 30 June 2014, the fair value reserve relating to unrealised gains/losses on Singapore Government Securities and equity securities classified as available-for-sale are excluded from the Group's adjusted regulatory capital.

As at 30 June 2015, as a result of changes in regulatory requirements by the Monetary Authority of Singapore, unrealised losses on equity securities classified as available-for-sale are included in the Group's adjusted regulatory capital.

- (2) Risk-weighted assets are determined according to specified requirements by the Monetary Authority of Singapore that seek to reflect the varying levels of risk attached to assets and off-balance sheet exposures.

The Group's regulatory capital position as at 30 June was as follows:

	2015	2014
	\$'000	\$'000
Share capital	168,896	90,065
Disclosed reserves	82,092	81,756
Regulatory capital	<u>250,988</u>	<u>171,821</u>
Risk-weighted assets	1,010,580	861,191
Capital adequacy ratio	<u>24.84%</u>	<u>19.95%</u>

The Group has complied with all externally imposed capital requirements.

24 Fair values of financial instruments

In assessing the fair value of financial instruments, the Group uses a variety of methods and make assumptions that are based on market conditions existing at each reporting date.

Although management have employed their best judgement in the estimation of fair values, there is inevitably a significant element of subjectivity involved in the calculations. Therefore, the fair value estimates presented below are not necessarily indicative of the amounts the Group could have realised in a sales transaction at the reporting date.

The methodologies and assumptions used depend on the terms and risk characteristics of the various instruments and include the following:

Financial instruments for which fair value approximates the carrying amount

The carrying values of statutory deposit with the Monetary Authority of Singapore, other receivables and deposits, cash and cash equivalents and trade and other payables*, approximate their fair values as these balances are short-term in nature or are receivable or payable on demand.

* Exclude amounts due to SPRING Singapore

Investment in Singapore Government Securities and equity securities

The fair values of available-for-sale financial assets are determined by reference to their quoted closing bid prices at the reporting date.

Loans and advances

The fair value of loans and advances that mature or reprice within six months of the reporting date is assumed to equate to the carrying value. The fair value of all other loans and advances was calculated using discounted cash flow models based on the maturity of the loans. The discount rates applied in this exercise were based on the current interest rates of similar types of loans.

Amount due to SPRING Singapore

The fair value of amounts due to SPRING Singapore that mature within six months of the reporting date is assumed to equate to the carrying value. The fair value of all other amounts due to SPRING Singapore was calculated using discounted cash flow models based on the maturity of the balances. The discount rates applied in this exercise were based on the current interest rates of the amounts due to SPRING Singapore.

Deposits and savings accounts of customers

The fair value of deposits and savings accounts of customers which mature or reprice within six months is estimated to be the carrying value at the reporting date. The fair value of other term deposits was calculated using discounted cash flow models, based on the deposit type and its related maturity. The discount rates applied in this exercise were based on the current interest rates of similar types of deposits.

Fair value hierarchy

The table below analyses fair value measurements for financial assets and financial liabilities, by the levels in the fair value hierarchy based on the inputs to valuation techniques. The different levels are defined as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities that the Group can access at the measurement date
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices)
- Level 3: unobservable inputs for the asset or liability

Notes to the Financial Statements

Year ended 30 June 2015

* Excludes financial assets and financial liabilities whose carrying amounts measured on the amortised cost basis approximate their fair values due to their short-term nature and where the effect of discounting is immaterial.

25 Accounting estimates and judgement

The preparation of financial statements requires the Group to make certain estimates and to form judgements about the application of its accounting policies. The most significant area where estimates and judgements have been made is set out below.

Impairment losses on loans and advances

The Group reviews the loan portfolio to assess impairment at least on a quarterly basis. To determine whether an impairment loss should be recorded in the income statement, the Group makes judgements as to whether there is any observable data indicating a measurable decrease in the estimated future cash flows of the loan portfolio. The evidence may include observable data indicating adverse changes in the payment status of certain groups of borrowers or local economic conditions that correlate with defaults in the loan portfolio. Management uses estimates based on historical loss experience for loans and advances with credit risk characteristics and objective evidence of impairment similar to those in the loan portfolio when scheduling future cash flows. The methodology and assumptions used for estimating the amount and timing of cash flows are reviewed regularly to reduce any differences between estimates and actual loss experience.

Notes to the Financial Statements

Year ended 30 June 2015

26 Segment reporting

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Group's other components. The Group operates in only one segment. Its activities relate to financing business. All activities are carried out in the Republic of Singapore. Revenue in respect of these activities is disclosed in the financial statements accordingly.

27 Non-current assets and liabilities

Assets and liabilities other than those disclosed below are current.

 - (iv) Mr William Ho Ah Seng, who will retire under Section 153(6) of the Companies Act, Chapter 50, to hold office from the date of this Annual General Meeting until the next Annual General Meeting of the Company.

Mr William Ho Ah Seng will, upon re-appointment, continue as a member of the Risk Management Committee, and is considered to be an Independent Director.
(Resolution 4)
5. To re-elect Mr Jamie Teo Miang Yeow as Director, who will retire by rotation pursuant to Article 85 of the Articles of Association of the Company and who, being eligible, offers himself for re-election.

Mr Jamie Teo Miang Yeow will, when re-elected, continue as a member of the Executive and Risk Management Committees.
(Resolution 5)
6. To re-appoint Messrs KPMG LLP as Auditors of the Company and to authorise the Directors to fix their remuneration.
(Resolution 6)

Notice of Annual General Meeting

As Special Business

7. To consider and, if thought fit, to pass with or without modifications, the following resolution which will be proposed as Ordinary Resolution:

"That authority be and is hereby given to the Directors of the Company to:

- (a) (i) issue shares in the capital of the Company ("shares") whether by way of rights, bonus or otherwise; and/or
- (ii) make or grant offers, agreements or options (collectively, "Instruments") that might or would require shares to be issued, including but not limited to the creation and issue of (as well as adjustments to) warrants, debentures or other instruments convertible into shares,

at any time and upon such terms and conditions and for such purposes and to such persons as the Directors may in their absolute discretion deem fit; and

- (b) (notwithstanding the authority conferred by this Resolution may have ceased to be in force) issue shares in pursuance of any Instrument made or granted by the Directors while this Resolution was in force,

provided that:

- (1) the aggregate number of shares to be issued pursuant to this Resolution (including shares to be issued in pursuance of Instruments made or granted pursuant to this Resolution) does not exceed 50 per cent of the total number of issued shares in the capital of the Company excluding treasury shares (as calculated in accordance with sub-paragraph (2) below), of which the aggregate number of shares to be issued other than on a *pro rata* basis to shareholders of the Company (including shares to be issued in pursuance of Instruments made or granted pursuant to this Resolution) shall not exceed 20 per cent of the total number of issued shares in the capital of the Company excluding treasury shares (as calculated in accordance with sub-paragraph (2) below);
- (2) (subject to such manner of calculation and adjustments as may be prescribed by the Singapore Exchange Securities Trading Limited ("SGX-ST")) for the purpose of determining the aggregate number of shares that may be issued under sub-paragraph (1) above, the percentage of issued shares shall be based on the total number of issued shares in the capital of the Company excluding treasury shares at the time this Resolution is passed, after adjusting for :
 - (i) new shares arising from the conversion or exercise of any convertible securities or share options or vesting of share awards which are outstanding or subsisting at the time this Resolution is passed; and
 - (ii) any subsequent bonus issue or consolidation or subdivision of shares;
- (3) in exercising the authority conferred by this Resolution, the Company shall comply with the provisions of the Listing Manual of the SGX-ST for the time being in force (unless such compliance has been waived by the SGX-ST) and the Articles of Association for the time being of the Company; and
- (4) (unless revoked or varied by the Company in general meeting) the authority conferred by this Resolution shall continue in force until the conclusion of the next Annual General Meeting of the Company or the date by which the next Annual General Meeting of the Company is required by law to be held, whichever is the earlier."

(Resolution 7)

Notice of Annual General Meeting

Any Other Business

8. To transact any other ordinary business which may properly be transacted at an Annual General Meeting of the Company.

(Resolution 8)

BY ORDER OF THE BOARD

Ngiam May Ling
Company Secretary

Singapore
28 September 2015

Notice of Books Closure and Dividend Payment Date

NOTICE IS ALSO HEREBY GIVEN that the Share Transfer Books and Register of Members of the Company will be closed on Friday, 30 October 2015 for the preparation of dividend warrants. Duly completed transfers received by the Company's Share Registrar, M & C Services Private Limited, 112 Robinson Road #05-01, Singapore 068902, up to 5.00 p.m. on Thursday, 29 October 2015 will be registered before entitlements to the proposed dividend are determined. Payment of the dividend, if approved by shareholders at the Annual General Meeting, will be paid on Monday, 9 November 2015.

BY ORDER OF THE BOARD

Ngiam May Ling
Company Secretary

Singapore
28 September 2015

Notes:-

1. A Shareholder of the Company entitled to attend and vote at the Annual General Meeting is entitled to appoint not more than two proxies to attend and vote in his stead. A proxy need not be a Shareholder of the Company.
2. The instrument appointing a proxy must be lodged at the registered office of the Company at 150 Cecil Street #01-00, Singapore 069543 not less than 48 hours before the time appointed for the Annual General Meeting.

Effect of Special Business to be Transacted

Ordinary Resolution 7 is to empower the Directors to issue shares in the capital of the Company and to make or grant instruments (such as warrants or debentures) convertible into shares, and to issue shares in pursuance of such instruments, up to a number not exceeding 50 per cent of the total number of issued shares (excluding treasury shares) in the capital of the Company with a sub-limit of 20 per cent for issues other than on a *pro rata* basis to shareholders. For the purpose of determining the aggregate number of shares that may be issued, the percentage of issued shares shall be based on the total number of issued shares (excluding treasury shares) in the capital of the Company at the time that Ordinary Resolution 7 is passed, after adjusting for (a) new shares arising from the conversion or exercise of any convertible securities or share options or vesting of share awards which are outstanding or subsisting at the time that Ordinary Resolution 7 is passed, and (b) any subsequent bonus issue or consolidation or subdivision of shares.

Personal Data Privacy

By submitting an instrument appointing a proxy(ies) and/or representative(s) to attend, speak and vote at the Annual General Meeting and/or any adjournment thereof, a member of the Company (i) consents to the collection, use and disclosure of the member's personal data by the Company (or its agents) for the purpose of the processing and administration by the Company (or its agents) of proxies and representatives appointed for the Annual General Meeting (including any adjournment thereof) and the preparation and compilation of the attendance lists, minutes and other documents relating to the Annual General Meeting (including any adjournment thereof), and in order for the Company (or its agents) to comply with any applicable laws, listing rules, regulations and/or guidelines (collectively, the "Purposes"), (ii) warrants that where the member discloses the personal data of the member's proxy(ies) and/or representative(s) to the Company (or its agents), the member has obtained the prior consent of such proxy(ies) and/or representative(s) for the collection, use and disclosure by the Company (or its agents) of the personal data of such proxy(ies) and/or representative(s) for the Purposes, and (iii) agrees that the member will indemnify the Company in respect of any penalties, liabilities, claims, demands, losses and damages as a result of the member's breach of warranty.

Total number of Ordinary Shares held

Signature(s) of Member(s) or Common Seal

IMPORTANT: PLEASE READ NOTES ON THE REVERSE

NOTES:

1. Please insert the total number of shares you hold. If you have shares entered against your name in the Depository Register (as defined in Section 130A of the Companies Act, Chapter 50 of Singapore), you should insert that number of shares. If you have shares registered in your name in the Register of Members, you should insert that number of shares. If you have shares entered against your name in the Depository Register and shares registered in your name in the Register of Members, you should insert the aggregate number of shares entered against your name in the Depository Register and registered in your name in the Register of Members. If no number is inserted, the instrument appointing a proxy or proxies shall be deemed to relate to all the shares in the capital of the Company held by you.
2. A member of the Company entitled to attend and vote at a meeting of the Company is entitled to appoint one or two proxies to attend and vote instead of him. A proxy need not be a member of the Company.
3. Where a member appoints two proxies, the appointments shall be invalid unless he specifies the proportion of his shareholding (expressed as a percentage of the whole) to be represented by each proxy.
4. The instrument appointing a proxy or proxies must be lodged at the registered office of the Company at 150 Cecil Street #01-00, Singapore 069543 not less than 48 hours before the time appointed for the Annual General Meeting.
5. The instrument appointing a proxy or proxies must be under the hand of the appointor or of his attorney duly authorised in writing. Where the instrument appointing a proxy or proxies is executed by a corporation, it must be executed either under its seal or under the hand of an officer or attorney duly authorised.
6. A corporation which is a member may authorise by resolution of its directors or other governing body such person as it thinks fit to act as its representative at the Annual General Meeting, in accordance with Section 179 of the Companies Act, Chapter 50 of Singapore.
7. The Company shall be entitled to reject the instrument appointing a proxy or proxies if it is incomplete, improperly completed or illegible or where the true intentions of the appointor are not ascertainable from the instructions of the appointor specified in the instrument appointing a proxy or proxies. In addition, in the case of shares entered in the Depository Register, the Company may reject any instrument appointing a proxy or proxies lodged if the member, being the appointor, is not shown to have shares entered against his name in the Depository Register as at 48 hours before the time appointed for holding the Annual General Meeting, as certified by The Central Depository (Pte) Limited to the Company.
